# Databases For The Study Of Entrepreneurship

**Peipei Pang**

## **Databases For The Study Of Entrepreneurship:**

**Databases for the Study of Entrepreneurship** Jerome A. Katz, 2000 Hardbound Papers reporting on the structure utilization and analytic concerns arising from the use of the major datasets in small business and entrepreneurship research including the National Federation of Independent Businesses surveys US Small Business Administration datasets the General Social Survey the US Current Population Surveys the Panel Study of Income Dynamics and many others from around the world

**Handbook of Research in Entrepreneurship Education** Alain Fayolle, 2007-01-01 The Handbook of Research in Entrepreneurship Education is well worth reading and both editions are excellent volumes for all of us involved and interested in the debate on how to bring entrepreneurship education forward and whether to create a distinctive domain of entrepreneurship studies Domingo Ribeiro Soriano Academy of Management Learning Education a commendable source of reference for entrepreneurship education researchers and practitioners alike and would make a worthy addition to a library's collection David Douglas International Journal of Entrepreneurial Behaviour and Research In this the second volume of the Handbook of Research in Entrepreneurship Education leading international scholars highlight the unique characteristics and rich variety of research in entrepreneurship education They adopt several different perspectives focusing on key issues and significant developments in the field and highlighting emergent new insights The 35 contributors span 11 countries and three continents demonstrating not only the richness but also the complexity of the field in terms of culture geography and institutional ethical and political systems The Handbook is intended to collectively assist entrepreneurship educators in developing new programmes and pedagogical approaches that take into account the richness and diversity of these multiple perspectives Highlighting the unique characteristics of research in entrepreneurship education this Handbook will be of great interest to entrepreneurship researchers academics and students wishing to understand the unique notions of entrepreneurship education and entrepreneurial learning which are often quite distinct from current practical views The companion volume Handbook of Research in Entrepreneurship Education Volume 1 A General Perspective showcases the nature and benefits of the new wave in entrepreneurship education emerging as a result of revised academic programmes developed to reflect new forms of entrepreneurship

**Handbook of Qualitative Research Methods in Entrepreneurship** Helle Neergaard, John P. Ulhøi, 2007 the Handbook of Qualitative Research Methods in Entrepreneurship is an important contribution to the field and should be referenced in any paper using qualitative methodologies to investigate the entrepreneurial phenomenon Craig S Galbraith Journal of Enterprising Communities There is no hiding behind the ramparts of dry scholarship here The credibility of the theory being spoken of is not the stuff of constructed proofs but alignments of critical insight and utility This is where qualitative work can make a difference to the field and where this book makes its mark Robin Holt International Journal of Entrepreneurial Behaviour and Research The Handbook of Qualitative Research Methods in Entrepreneurship is an unusually solid and multifaceted book on what qualitative methods have done

are doing and will do in entrepreneurship research Every serious entrepreneurship scholar should read it It points at the future Bj rn Bjerke University of Kalmar Sweden I would warmly recommend this unique collection of qualitative methods of entrepreneurship research to both mature and beginning researchers as a menu to choose from for their planned empirical studies For those who try to get away from only quantitative studies in both business practice and academic research this book is their chance to find a rich inspiration in reflecting on entrepreneurship as a lived experience using grounded theory and ethnographic discourse and narrative approaches It might convince editors of top journals of entrepreneurship research to welcome qualitative research submissions as an indispensable complement to quantitative only submissions This domain is not physics In bringing together such a variety of experts from so many nationalities in this Handbook our Danish colleagues are making entrepreneurship research a realistic global venture Jan Ulijn Eindhoven University of Technology The Netherlands Helle Neergaard and John Parm Ulh i have compiled a remarkable collection of work that both represents the range of methods and demonstrates the depth of insight that can be achieved through qualitative approaches This book is not simply a handbook of qualitative research methods though it well achieves this aim it is also an important contribution towards the field of entrepreneurship research From the Foreword by Sara Carter This expansive and practical Handbook introduces the methods currently used to increase the understanding of the usefulness and versatility of a systematic approach to qualitative research in entrepreneurship It fills a crucial gap in the literature on entrepreneurship theory and just as importantly illustrates how these principles and techniques can be appropriately and fruitfully employed The Handbook is underpinned by the belief that qualitative research has the potential to charter hitherto unexplored waters in the field of entrepreneurship and thus contribute significantly to its further advancement The contributors seek to assist entrepreneurship researchers in making more informed choices and designing more rigorous and sophisticated studies They achieve this by providing concrete examples of research experiences and tangible how to advice By clarifying what these research methods entail how they are currently being used and how they can be evaluated this Handbook constitutes a comprehensive and highly accessible methodological toolbox Dealing with both well accepted qualitative approaches and lesser known rarer and more novel approaches to the study of entrepreneurship this Handbook will be invaluable to those studying researching and teaching entrepreneurship

Frontiers of Entrepreneurship Research ,2010 *Handbook of Research on Management and Strategies for Digital Enterprise Transformation* Sandhu, Kamaljeet,2021-04-02 From traditional brick and mortar to new start ups businesses are harnessing the power of digital enterprise as a cost effective model to deliver goods and services online Digital enterprise strategy is adopted for transforming business streamlining processes and making the best use of online technologies to enhance interaction with customers and employees and deliver excellent customer experience in real time Digital enterprises increasingly need digital workers to establish greater digital skills to bear on every activity and to drive management strategy and innovation which are key for digital enterprise

transformation The Handbook of Research on Management and Strategies for Digital Enterprise Transformation is a crucial reference source that discusses leveraging technology for the customers employees and suppliers benefit as well as integrating complex processes to management marketing production manufacturing and financial systems Combining management strategy technology and digital enterprise topics into one book provides the reader with a holistic understanding of the new developments in these emerging fields This study will also include key topics of interest on how to address structural changes underway in the local and global business environment for digital enterprise transformation Featuring research on topics such as e commerce organizational learning and agile management this book is ideally designed for business professionals policymakers researchers students and managers

**Destructive Entrepreneurship in Emerging Markets** Amir Emami,Esin Yoruk,Andrew Johnston,Andrea Caputo,Paul Jones,2025-03-30 The book investigates the intricate world of entrepreneurship examining its dual nature as a force for constructive societal change as well as a potential source of destructive consequences To examine these two facets in detail the book scrutinizes the interplay between individual actions and institutional frameworks showing how entrepreneurship can drive economic and social progress or hinder it through rent seeking behaviors and exploitation of institutional gaps By analyzing various settings from capitalist to state controlled economies the book highlights the role of the rules of the game in determining whether entrepreneurial activities contribute positively to society or perpetuate inequality and inefficiency As such in the context of emerging markets this book addresses the question of when are entrepreneurial activities constructive and when are they destructive Through a nuanced examination of diverse economic settings and institutional environments the book illuminates how entrepreneurship can foster innovation and social value while also perpetuating corruption and inefficiency By integrating theoretical frameworks with empirical evidence it provides a comprehensive analysis of the factors influencing both productive and destructive entrepreneurial behaviors The aim is to deepen readers understanding of how entrepreneurship interacts with various contexts and to advocate for ethical and socially responsible practices ultimately inviting contemplation on the challenges and opportunities that arise in the evolving landscape of entrepreneurship As such this book is a valuable resource for scholars studying these phenomena but also practitioners and policymakers alike

**Research Anthology on Developing Socially Responsible Businesses** Management Association, Information Resources,2022-03-04 In today s world of global change it has never been more critical for businesses to adapt their strategies management styles and policies to match that of the surrounding environment Consumers are increasingly becoming more aware of the impact that businesses and product consumption have on environmental health Thus businesses have had to alter their production workflows to better suit a more environmentally conscious customer base As society faces numerous issues related to the environment health poverty and social justice the need for socially responsible businesses is crucial to develop and improve the overall landscape of the business field The Research Anthology on Developing Socially

Responsible Businesses discusses the best practices challenges opportunities and benefits of creating socially responsible businesses and provides a context of why these business models are needed This essential text also considers how society has changed over time and how businesses must adjust their ideals and practices in order to survive in a changing world Covering a range of topics such as accountability environmental issues and human rights this major reference work is ideal for business owners managers policymakers academicians researchers scholars practitioners instructors and students

*Data Science for Entrepreneurship* Werner Liebrechts, Willem-Jan van den Heuvel, Arjan van den Born, 2023-03-23 The fast paced technological development and the plethora of data create numerous opportunities waiting to be exploited by entrepreneurs This book provides a detailed yet practical introduction to the fundamental principles of data science and how entrepreneurs and would be entrepreneurs can take advantage of it It walks the reader through sections on data engineering and data analytics as well as sections on data entrepreneurship and data use in relation to society The book also offers ways to close the research and practice gaps between data science and entrepreneurship By having read this book students of entrepreneurship courses will be better able to commercialize data driven ideas that may be solutions to real life problems Chapters contain detailed examples and cases for a better understanding Discussion points or questions at the end of each chapter help to deeply reflect on the learning material

#### **International Perspectives on Entrepreneurship Research**

Sue Birley, Ian C. MacMillan, Wharton School, 1992 The objective of this book is to begin the process of building a global network of young scholars familiar with and appreciative of other countries approaches to research in the area of entrepreneurship The book falls naturally into four parts starting at a very high level of generality and becoming increasingly focused The first set of papers presents novel and insightful ways of looking at entrepreneurship from a perspective that is substantively different from the more traditional U S view Second are a subset of papers also distinctively conceptual and theoretical which give insights into the profound differences in culture of the participants and the way that the various representatives social political and religious platforms influence the way they see the evolution of entrepreneurship in their particular countries The third subset of papers are generally empirical studies which address the entrepreneurial environment and the way in which this environment shapes entrepreneurial endeavour The final set looks at different countries perspectives on how entrepreneurs go about forging and managing their enterprise The papers and their critiques originate from the first annual Global Conference on Entrepreneurship Research held at Imperial College London February 1990

Gender Studies, Entrepreneurship and Human Capital Paola Paoloni, Rosa Lombardi, 2020-07-08 In today s climate academics professional community and policy makers all have input in critical gender issues as well as in the entrepreneurship and human capital issues Various gender issues are published involving many scientific fields including business management and accounting research Presenting the topic of gender issues entrepreneurship and human capital this book collects the main output of the researches presented at the Annual Workshop of IPAZIA 2019 of Rome in Italy The

authors provide a renewed and fruitful analysis of these topics with the purpose of advancing the gender theories in the international context *Building an Entrepreneurial and Sustainable Society* Hernández-Sánchez, Brizeida R., Sánchez-García, José C., Moreira, Antonio Carrizo, 2020-03-27 As the global economy continues to evolve the idea of sustainability has become a prevalent area of concentration Businesses are searching for more environmentally and socially conscious practices as the market distances itself from the industrial age Implementing sustainable initiatives starts with entrepreneurs as these individuals are the foundation for creating and building profitable societies Understanding the practice of sustainable entrepreneurship is pivotal in predicting future trends in business and the economy Building an Entrepreneurial and Sustainable Society provides emerging research exploring the theoretical and practical aspects of sustainability within entrepreneurship and its applications in modern socioeconomics Featuring coverage on a broad range of topics such as public policies internationalization and social innovation this book is ideally designed for entrepreneurs business specialists professionals researchers managers economists educators scholars and students seeking current research on the evolution of sustainable entrepreneurship and its contextual factors **Business Education in Emerging Market Economies** Ilan Alon, John R. McIntyre, 2006-02-23 Business Education in Emerging Market Economies discusses the impact of business education on emerging markets and explores curricular innovation pedagogical approaches and strategic alliances in the context of industrializing economies Emerging markets contain 80% of the world's population and some 75% of its trade growth in the foreseeable future according to the U S Department of Commerce The potential economic growth of these emerging markets has prompted a need to understand their dynamics business institutions and educational systems Many American universities for example have responded to the demand of their students and business partners by educating them about the exciting opportunities and lurking threats in these industrializing economies This book contains multiple chapters designed to educate American students about the curricular innovations and course development occurring in emerging markets **Self-Directed Learning for the 21st Century: Implications for Higher Education** Elsa Mentz, Josef de Beer, Roxanne Bailey, Per B. Bergamin, Chantelle Bosch, Adri du Toit, Roelien Goede, Aubrey Golightly, David W. Johnson, Roger T. Johnson, Corné Kruger, Dorothy Laubscher, Anita Lubbe, Jako Olivier, Christo van der Westhuizen, Sukie van Zyl, 2019-12-12 This book is devoted to scholarship in the field of self directed learning in the 21st century with specific reference to higher education The target audience of the book includes scholars in the field of self directed learning and higher education The book contributes to the discourse on the quality of education in the 21st century and adds to the body of scholarship in terms of self directed learning and specifically its role in higher education Although all the chapters in the book directly address self directed learning the different foci and viewpoints raised make the book a rich knowledge bank of work on self directed learning **The Palgrave Handbook of Decolonising Entrepreneurship** Bridget Irene, **Business Organizations, Agencies, and Publications Directory**, 1986 Structural and Demographic

Business Statistics 2009 OECD,2010-04-22 This publication provides a summary of the information available in the OECD Structural and Demographic Business Statistics SDBS database Key economic variables are presented at the ISIC Revision 3 2 digit level for all industries and OECD countries      *Library Literature & Information Science* ,2009 An index to library and information science literature      **Database** ,1998      **The University of Virginia Record** University of Virginia,2004  
    *International Research Centers Directory* ,2009
