David Cronenberg -Collected Screenplays 1 David Cronenberg,2002 In the mid 1970s David Cronenberg emerged as a uniquely provocative film maker This volume collects the scenarios of his two early avant garde films Stereo and Crimes of the Future and of his first two features Shivers and Rabid visceral horror films that startled audiences with their intellectual seriousness

Collected Screenplays David Cronenberg,2002 David Cronenberg has made a career of exploring the darker side of eroticism Stereo Crimes of the Future and Rabid gave initial form to his fascination with the psychological aspects of death disease lust and power And in 1975 Shivers gained Cronenberg widespread recognition and notoriety for his exceptionally chilling expressions of society s fears about the sexual revolution and its long term ramifications

Body Horror and Shapeshifting: A Multidisciplinary Exploration Jessica Folio,Holly Luhning,2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 The body is unveiled not as a terra incognita but as terra to be rediscovered The authors whose diverse origins echo the multiple media used to convey their ideas establish a link between bodily metamorphosis and psychological fissures The body is a locus of paradoxes deformed infected monstrosized or negated but at the same time fascinating intimate or sensual Here readers will open the door of disruption They will explore the flesh or the inner processes of the body the idea of its degeneration even its perception as a gaping wound The authors in this volume question the very notion of identity as they embark on a journey to reflect on the self Life itself is a shapeshifting dance we unknowingly join in its myriad of colours and moves

The Politics of Insects Scott Wilson,2011-08-18 Canadian film director David Cronenberg has long been a figure of artistic acclaim and public controversy Bursting into view with a trio of shocking horror films in the 1970s Cronenberg s work has become increasingly complex in its sensibilities and inward looking in its concerns and themes This trajectory culminates in the multiplex successes of his most recent films which appear to conclude a straightforward evolutionary arc that begins in the cold outside of shock horror and arrives in the warm embrace of commercial and critical success Scott Wilson argues persuasively that Cronenberg s career can be divided into broad thematic stages and instead offers a complex examination of the relationship between three inter related terms the director as auteur the industry that support or denies commercial opportunity and the audience who receive interpret and support or decry the vision represented on screen *The Politics of Insects* provides an opportunity to explore Cronenberg s films in relation to each other in terms of their thematic continuity and in terms of their relationship to industrial concerns and audience responses
