Cultivating Creative Collaboration in Student Virtual Teams in Higher Education: Design and Climate Nemiro, Jill E.,2025-07-16 Over the last twenty years creativity has been shown to be a critical element to contemporary organizations especially as global competition the need for innovation and technological advances have intensified The rise of technological advances has produced an increase in remote work and virtual teams especially within business settings to deal with global competition and the rise of non routine work However the COVID 19 pandemic generated an even greater increase in the utilization of remote work and virtual teams not only in business but in higher education as well and it appears that this trend is not going away Thus it is crucial to teach students how to work effectively in virtual teams to prepare them for their future careers Training current employees in virtual teaming skills is also necessary as more professionals are transitioning into remote or hybrid work Cultivating Creative Collaboration in Student Virtual Teams in Higher Education Design and Climate provides an in depth understanding of how to design academic courses and business training experiences that can offer employees and college level students hands on experiences to develop virtual teamwork skills It aims to nurture students professional development by enhancing their creativity while working in virtual teams and to assist faculty in designing and implementing effective virtual team learning experiences in their courses Covering topics such as intentional team culture information sharing and setting communication norms this book is an excellent resource for educational leaders educators instructional designers technology instructors human resource HR managers business leaders professionals researchers scholars academicians and more   Project Leadership and Team Building in Global Project Management Pranav Bhola,2017-01-20 Engineering businesses today run through projects Projects are successful when we have effective project leadership which builds effective teams and teams All these attributes increase the performance of the organization and enable it to achieve competitive advantage Project management is the need of today s businesses for acquiring business development and attaining business performance in local as well as in global markets as business performance is driven by competitive advantage which is possible through successful project management Development of new products and other competitive products and services is done through the implementation of projects Projects are deployed for process improvements which further add to the profitability and growth of the business This book discusses the aspects of project management processes project leadership and team building in context to project management together which improves business performance   **Virtual Events Management** Tim Brown,Claire Drakeley,2023-08-30 The COVID 19 pandemic and resulting lockdowns has seen a boom in the occurrence of virtual events Virtual Events Management is a unique text as it looks at events from both a live event virtual event and hybrid perspective   **Higher Creativity for Virtual Teams: Developing Platforms for Co-Creation** MacGregor, Steven P.,Torres-Coronas, Teresa,2007-05-31 This book presents advanced research on the concept of creativity using virtual teams demonstrating a specific focus and application for virtual

teams It presents tools processes and frameworks to advance the overall concept that leveraging ideas from different locations in an organization and within extended networks is based on creativity which can deliver innovation Provided by publisher **Handbook of Virtual Work** Lucy L. Gilson,Thomas O'Neill,M. T. Maynard,2023-05-09 In light of the COVID 19 pandemic this timely Handbook builds upon research and practice to discuss and assess what is currently known about virtual work and its evolution given the increasing numbers of those working virtually *The AI Metaverse Revolution* Jeetesh Kumar,Manpreet Arora,2025-05-12 This work offers readers a roadmap for navigating this technological revolution positioning AI and the Metaverse as essential components of future proof business strategy Virtual Work and Human Interaction Research Long, Shawn,2012-04-30 Virtual Work and Human Interaction Research uses humanistic and social scientific inquiry to explore how humans communicate behave and navigate in their new virtual work spaces providing scholars and practitioners an opportunity to study virtual work from quantitative and qualitative research approaches The books explores informal and formal communication emotional psychological and physical labor rewarding and punishing virtual work behaviors group decision making socializing and organizational change in a workplace without the physical and nonverbal cues that are taken for granted in traditional face to face work arrangements Film/Video-Based Therapy and Trauma Joshua L. Cohen,2022-12-30 This book uses film video based therapy to help build resilience in facing personal communal national and global trauma triggers Offering a rich and diverse range of perspectives on trauma this volume advocates positive social change using therapeutic techniques in filmmaking as well as film video based therapy in conjunction with expressive art therapies such as drama dance music painting drawing and more Chapter authors address issues in one s home community country and the world using integrative medicine and advocacy using film video based therapy and digital storytelling The book highlights psychological trauma and how one can cope with the overwhelming triggers in today s world It represents an articulate and comprehensive analysis of the ways in which traumatic human experience impacts and is modified by film and video media Representing a rich and diverse range of perspectives on trauma through the lens of a camera the authors document important examples of moments in which artistic expression becomes human resilience Demonstrating how the language of film can facilitate watching processing and discussing images of trauma in therapy in the home in the community and in the world this volume will be of interest to educators and mental health practitioners with an interest in advancing psychotherapy and counseling techniques **Student Agency in Devised Theatre Education** Mike Poblete,2025-02-27 This monograph argues that implementing devised theatre as a learning praxis has a unique potential to cultivate student agency in the twenty first century classroom It offers actionable guidance for drama instructors by providing a new arts education methodology that emphasizes the role of student led dramaturgy Based on quantitative and qualitative analyses of survey results group interviews and field observations from the facilitation of two original pieces of digital devised theatre created by Pacific Islander and Asian American public high school students on O ahu

the author documents the crucial roles of constructive and resisting student agency in a devised theatre classroom This book then departs from established research in suggesting that passivity serves a crucial role in allowing students to assert agency nonconfrontationally which has considerable implications for peripatetic learners It also investigates the role of student agency in online theatre education which along with expected challenges was found to produce unique benefits such as real time documented performance feedback and accessible asynchronous teacher guidance Further a new form of student agency is identified one exclusive to online learning environments where students assert themselves by discussing technological challenges such as slow Wi Fi camera malfunctions or other pragmatic concerns Finally this book makes a case that the success of these projects with Pacific Islander and Asian American students suggests that although devising comes from a White Eurocentric tradition it can provide an effective learning strategy for students from a wide variety of backgrounds As global discourse continues to push toward reform that would allow populations around the world increased agency over their lives this volume makes a unique contribution to the critical conversation around student agency in education today and will appeal to scholars and researchers across arts education and theatre and performance studies
