*We Can Teach That* Ewa Dziedzic-Elliott, 2024-11-28 Information literacy is a complex subject that finally arrived at the doorstep of school libraries For decades academic researchers have been trying to capture the essence of information literacy its educational cognitive and civic value The collection of book chapters offered in *We Can Teach That* is a handbook that can be used as an inspiration for teaching various types of literacy visual digital multicultural health and more The book asks important questions When do we start teaching information literacy How do we teach it How does it affect our students at their education level How does it prepare them for their post high school adult life Does it impact their transition to college or career Dziedzic Elliott and her collaborators provide a range of best practices and concepts that inspire thinking about teaching information literacy at all levels Although written with school librarians in mind the book can be easily adapted by teachers school administrators and even public librarians who are looking to incorporate information literacy elements in their daily practices The book challenges the reader to rethink what they know about digital or tech literacy breaks some stereotypical concepts about multicultural literacy and highlights the importance of literacies even in adulthood

The AuDHD Teen Survival Playbook Schmidt Annette Mattisson, Finally a comprehensive guide specifically for teens navigating high school with both autism and ADHD This groundbreaking playbook transforms the overwhelming challenge of managing competing neurological needs into practical teen tested strategies that actually work Inside this essential guide you ll discover Executive Function Mastery Break through the wall of awful conquer homework paralysis and build your external brain with apps and systems designed for AUDHD minds Sensory Survival Skills Create sensory friendly zones manage overload while seeking stimulation and develop your personalized sensory diet for school success Social Navigation Tools Decode neurotypical communication master the art of info dumping handle rejection sensitive dysphoria and find your neurodivergent tribe Energy Management Systems Learn spoon theory prevent burnout recognize meltdowns versus hyperactive episodes and create sustainable masking strategies Academic Accommodations Advocate for your needs implement AUDHD friendly study methods and use the Pomodoro Plus technique for time blindness Crisis Planning Resources Build emergency protocols develop regulation strategies and create your personal AUDHD manual for others This book addresses the unique paradox of craving routine while needing novelty requiring structure but resisting rigidity and seeking connection while needing solitude Each chapter includes Real Talk boxes from AUDHD teens Try This exercises Myth Busters correcting misconceptions and Parent Teacher Notes for better understanding Stop trying to fit into neurotypical systems Start building a life that works for your beautifully complex AUDHD brain This isn t about fixing you you re not broken It s about understanding your unique wiring and creating strategies that honor both your autistic need for predictability and your ADHD need for flexibility Perfect for teens 13 18 with AUDHD their parents teachers counselors and anyone supporting neurodivergent youth through the challenging high school years **5-Gen Leadership** Mark

White,2021-08-27 An unprecedented leadership challenge for school administrators Today s leaders face the challenge of leading five generations Baby Boomers Generation X Millennials and brand new Generation Z teachers along with Gen Alpha today s youngest students Based on research and the author s experience working with thousands of educators and students 5 Gen Leadership addresses expectations implicit with leading each generation Readers will find Tactics for transitioning to 5 Gen Leadership and understanding distinct generations in teaching staff Tips for moving leadership styles from a managing to a coaching model Advice for creating a welcoming environment for Gen Z and Gen Alpha Suggestions for closing the digital gaps that emerged during COVID 19 A glimpse into the future to imagine how new leaders will reshape schools by 2030

Surveillance Education Nolan Higdon,Allison Butler,2024-08-02 Surveillance Education explores the pervasive use of digital surveillance technologies in schools and assesses its pernicious effects on students Recognizing that the use of digital technologies will persist the authors instead offer practical ways to ameliorate their impact In our era of surveillance capitalism digital media technologies are ever more intertwined into the educational process Schools are presented with digital technologies as tools of convenience for gathering and grading student work as tools of support to foster a more equitable learning environment and as tools of safety for predicting or preventing violence or monitoring mental emotional and physical health Despite a dearth of evidence to confirm their effectiveness digital data collection and tracking is often presented as a way to improve educational outcomes and safety This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to oppressive levels of surveillance impinging upon their right to privacy and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education
