School Library Journal ,2010      **Speaking Personally** Rosalind Coward,2013-10-30 This book argues that the personal voice which is often disparaged in journalism teaching is and always has been a prevalent form of journalism Paradoxically the aim of objective reporters is often to be known for a distinctive voice This personal voice is becoming increasingly visible in the context of the confessional society      **Connected Newsletter** ,2006      **The New Digital Shoreline** Roger McHaney,2023-07-03 Two seismic forces beyond our control the advent of Web 2 0 and the inexorable influx of tech savvy Millennials on campus are shaping what Roger McHaney calls The New Digital Shoreline of higher education Failure to chart its contours and adapt poses a major threat to higher education as we know it These forces demand that we as educators reconsider the learning theories pedagogies and practices on which we have depended and modify our interactions with students and peers all without sacrificing good teaching or lowering standards to improve student outcomes Achieving these goals requires understanding how the indigenous population of this new shoreline is different These students aren't necessarily smarter or technologically superior but they do have different expectations Their approaches to learning are shaped by social networking and other forms of convenient computer enabled and mobile communication devices by instant access to an over abundance of information by technologies that have conferred the ability to personalize and customize their world to a degree never seen before and by time shifting and time slicing As well as understanding students assumptions and expectations we have no option but to familiarize ourselves with the characteristics and applications of Web 2 0 essentially a new mind set about how to use Internet technologies around the concepts of social computing social media content sharing filtering and user experience Roger McHaney not only deftly analyzes how Web 2 0 is shaping the attitudes and motivations of today's students but guides us through the topography of existing and emerging digital media environments applications platforms and devices not least the impact of e readers and tablets on the future of the textbook and the potential they have for disrupting teacher student relationships and if appropriately used for engaging students in their learning This book argues for nothing less than a reinvention of higher education to meet these new realities Just adding technology to our teaching practices will not suffice McHaney calls for a complete rethinking of our practice of teaching to meet the needs of this emerging world and envisioning ourselves as connected co learners with our students      *The Art and Science of*

*Effective and Impactful Business Communication for Managers* Karminster Ghuman, 2024-09-16 Though we all communicate yet effective communication is not an innate skill for many people It has to be learned and practiced This book has been designed to meet postgraduate management students requirements and equip them with the skills needed for effective workplace communication emphasizing strategies for business interactions It shall impart learning on core principles of business communication and shall provide practical guidelines regarding how to communicate effectively and impactfully in the complex and nuanced corporate world The book shall provide an in depth understanding of communication practices prevalent in business organisations with the aim of preparing students for their future roles in the corporate world Every chapter has been designed in a manner to provide a tool strategy or approach that can further enhance the effectiveness of the communication of readers for contributing towards their success while working at a business organisation It also covers the new age digital communication competencies employees need in today s highly dynamic and hybrid working environment

Business Communication Essentials Courtland L. Bovée, John V. Thill, 2007 For courses in Business Communication and Skills Development and offering current material on technology etiquette and listening skills as well as a discussion of employment related topics this is a handbook of grammar mechanics and usage **Using WEB 2.0 Tools in the K-12 Classroom** Beverly E.
