

ABOUT THIS BOOK

The purpose of this lab manual is to assist students in the completion of the School Based Assessment (SBA) component of the Caribbean Secondary Examination Certificate (CSEC) syllabus. It has been formulated to target the broadest range of topics in the most current syllabus (2011).

It contains information on the format of the examination, the SBA skills to be tested for Caribbean Examinations Council (CXC) moderation, guidelines for writing a lab report, as well as the mark scheme and criteria tested for various labs.

The labs outlined in this manual are not the only labs that may be attempted. They represent the labs that can be marked by the teacher and CXC.

It is my hope that this lab manual will allow students to complete lab reports for the SBA, without total reliance on their subject teacher, thereby increasing class time and students' self-efficacy.

This manual represents a work-in-progress and will be updated constantly to remain relevant to the CXC syllabus.
