## Cyoa Space And Beyond:

**Space and Beyond** R. A. Montgomery, 1980 The reader's decisions control a series of adventures in outer space beginning on a spaceship traveling between galaxies *Space and Beyond* L. M. Montgomery, 1980 **Risk in Children's Adventure Literature** Elly McCausland, 2024-05-31 Risk in Children's Adventure Literature examines the way in which adults discuss the reading and entertainment habits of children and with it the assumption that adventure is a timeless and stable constant whose meaning and value is self-evident. A closer enquiry into British and American adventure texts for children over the past 150 years reveals a host of complexities occluded by the term and the ways in which adults invoke adventure as a means of attempting to get to grips with the nebulous figure of the child. Writing about adventure also necessitates writing about risk and this book argues that adults have historically used adventure to conceptualise the relationship between children and risk: the risks children themselves pose to society; the risks that threaten their development and how they can be trained to manage risk in socially normative and desirable ways. Tracing this tendency back to its development and consolidation in Victorian imperial romance and forward through various adventure texts and media to the present day, this book probes and investigates the truisms and assumptions that underlie our generalisations about children's love for adventure and how they have evolved since the mid-nineteenth century. **Choose Your Own Adventure #3** R. A. Montgomery, 2018-01-04 Born aboard a deep space cruiser on a dangerous research mission, you are asked to choose your home planet. Your parents are from different planets in different galaxies. Their planets are alike enough so that you will not be a freak on either one. But they are different enough so that YOUR choice will have a huge effect on your life. *The Lost Jewels of Nabooti* R. A. Montgomery, 2005 You must try to help recover fabulous jewels stolen from a Paris museum. **Journey Under the Sea** R. A. Montgomery, 2006 Did the land of Atlantis really exist? Or is it a myth? **Inca Gold** Jim Becket, 2007-10 Choose from sixteen possible endings and see if you can find the gold first in Peru. **Choose-your-own Adventure [series]**. , 199? *The Mystery of Ura Senke* Shannon Gilligan, 2005 When a famous tea ceremony bowl disappears in Japan and your friend calls for help, you, the reader, choose how the story ends. [Playing the Text, Performing the Future](#) Felicitas Meifert-Menhard, 2013-10-14 This volume examines the structure of text-based Future Narratives in the widest sense, including choose-your-own-adventure books, forking path novels, combinatorial literature, hypertexts, interactive fiction, and alternate reality games. How radical can printed Future Narratives really be, given the constraints of their media? When exactly do they not only play with the mere idea of multiple continuations but actually stage genuine openness and potentiality? Process rather than product-oriented text-based Future Narratives are seen as performative and contingent systems simulating their own emergence. *Humanity in a Black Mirror* Jacob Blevins, Zahi Zalloua, 2023-01-12 The presentation of technology as a response to human want or need is a defining aspect of Black Mirror, a series that centers the transhumanist conviction that ontological deficiency is a solvable problem. The articles in this collection continue Black

Mirror's examination of the transhuman need for plenitude addressing the convergence of fantasy the posthuman and the dramatization of fear The contributors contend that Black Mirror reveals both the cracks of the posthuman self and the formation of anxiety within fantasy's empty yet necessary economy of desire The strength of the series lies in its ability to disrupt the visibility of technology no longer portraying it as a naturalized unseen background affecting our very being at the ontological level without many of us realizing it This volume of essays argues that this negative lesson is Black Mirror's most successful approach It examines how Black Mirror demonstrates the Janus-like structure of fantasy as well as how it teaches unteaches and reteaches us about desire in a technological world **Más allá del espacio / Space and Beyond** R.A.

Montgomery, 2022-06-07 CUIDADO Este libro es diferente a los demás En esta serie los protagonistas y sus decisiones marcan el desarrollo de la historia Lo que ocurra en esta historia está SOLO en tus manos Tendrás que sortear grandes peligros y una mala decisión podrá acabar en desastre Pero no desesperes En cualquier momento puedes retroceder y elegir otra opción alterar el curso de tu historia y cambiar tu destino Esta es tu misión siempre has vivido en una nave espacial pero ha llegado el momento de decidir en qué planeta te asentarás Escoge rápido porque te esperan peligros galácticos nunca vistos
