Hi Ryan,

Thanks for the update. I think it's great to have this new way of organizing product info on Product Hunt and I'm sure it will make things a lot easier. However, as something of an older user here I don't really find myself using any particular features more than others so it won't really affect me in that regard. Regardless, we appreciate your efforts and thanks again for letting us know about the changes!

Best regards,

Lead with Strategy: Nonprofit Leadership & AI-Driven Growth Strategies Julian Mateo Reyes, 2025-09-05 Your nonprofit's mission is powerful. But passion alone is not a strategy for growth. Nonprofit leaders are constantly asked to do more with less. You face the daily pressure of fundraising, managing operations, and serving your community. This leaves very little time for the strategic planning that is required to build a sustainable and high impact organization. *Lead with Strategy* is a practical playbook for the modern nonprofit leader. It shows you how to combine your passion with a powerful growth plan. This book demystifies Artificial Intelligence and provides a simple guide to using AI tools to automate tasks, increase donations, and amplify your mission. This book will give you a clear plan to develop a powerful strategic plan that aligns your team and focuses your efforts. Use simple AI tools to improve your grant writing and donor communication. Automate routine administrative work so your team can focus on the mission. Analyze data to make smarter decisions and prove your organization's impact. Lead your team with confidence through the adoption of new technology. Stop letting a limited budget restrict your organization's potential. This book gives you the tools to lead your nonprofit with the same strategic power used by successful corporations. It is time to build a future where your organization can make its biggest impact yet. To learn how to grow your nonprofit, click the buy button now.

A Textbook of Artificial Intelligence for Class 9 Hema Dhingra, Goyal Brothers Prakashan, 2020-01-01 *A Textbook of Artificial Intelligence for Class 9* *A Textbook of Artificial Intelligence for Class IX (A.Y. 2023-24)* Onward Hema Dhingra, 2023-05-20 The term artificial intelligence may sound intimidating to some, but it has been in use for decades, and its applications are more common than you might imagine. It is gaining the spotlight across applications in our personal and professional lives. AI is still at a relatively early stage of development, so that the range of potential applications has ample scope left for further development. It holds the promise of solving some of the most pressing issues facing society, but also presents challenges such as unethical use of data and potential job displacement. There are so many amazing ways artificial intelligence and machine learning are used behind the scenes to impact our everyday lives. AI assists in every area of our lives, whether we're trying to read our emails, get driving directions, get music or movie recommendations. AI is a constellation of technologies that enable machines to act with higher levels of intelligence and emulate the human capabilities of sense, comprehend, and act. AI is not specifically related to computer science. This is a field of study that encompasses human behaviour, biology, psychology, and even language and linguistics. AI presents opportunities to complement and supplement human intelligence and enrich the way people live and work. Artificial Intelligence is being widely recognized to be the power that will fuel this future global digital economy. Countries around the world are becoming increasingly aware of the potential benefits of developing and applying AI. From Siri to self-driving cars, artificial intelligence is progressing rapidly. While science fiction often portrays AI as robots with human-like characteristics, AI can encompass anything from Google's search algorithms to IBM's Watson to autonomous weapons. From
