Conversation A La Cathedrale:

Conversation in the Cathedral Mario Vargas Llosa, 2005-02-01 A Haunting tale of power corruption and the complex search for identity *Conversation in The Cathedral* takes place in 1950s Peru during the dictatorship of Manuel A Odr a Over beers and a sea of freely spoken words the conversation flows between two individuals Santiago and Ambrosia who talk of their tormented lives and of the overall degradation and frustration that has slowly taken over their town Through a complicated web of secrets and historical references Mario Vargas Llosa analyzes the mental and moral mechanisms that govern power and the people behind it More than a historic analysis *Conversation in The Cathedral* is a groundbreaking novel that tackles identity as well as the role of a citizen and how a lack of personal freedom can forever scar a people and a nation

Salons, History, and the Creation of Seventeenth-Century France Faith E. Beasley, 2017-09-29 The first half of the book is a detailed study of how the salons influenced the development of literature Beasley argues that many women were not only writers they also served as critics for the literary sphere as a whole In the second half of the book Beasley examines how historians and literary critics subsequently portrayed the seventeenth century literary realm which became identified with the great reign of Louis XIV and designated the official canon of French literature Beasley argues that in a rewriting of this past the salons were reconfigured in order to advance an alternative view of this premier moment of French culture and of the literary masterpieces that developed out of it Through her analysis of how the seventeenth century salon has been defined and transmitted to posterity Beasley illuminates facets of France s collective memory and the powers that constituted it in the past and that are still working to define it today
