Radical Curiosity Seth Goldenberg, 2022-08-23 A bold manifesto arguing that the most complex challenges we face today as individuals businesses and a society require us to ask deeper questions not seek easier answers With this beautifully written book Seth Goldenberg awakens the gifts we all possess wonder optimism and the fearlessness to reverse destruction Bruce Vaughn vice president of experiential creative product Airbnb In a world with an endless hunger for innovation why is it so hard to create audacious change According to thought leader Seth Goldenberg the answer to this question stems from how we as a society view questions themselves In Radical Curiosity Goldenberg argues that because we value knowing above learning and prioritize doing over thinking curiosity has become an endangered species Only by rediscovering the power of questions can we hope to rewrite the commonly held legacy narratives that no longer serve us and to remake our organizations our politics and our lives With this empowering book Goldenberg introduces the practice of Radical Curiosity through the lens of seven narratives that are going through significant transformation Learning Cohesion Time Youth Aliveness Nature and Value Along the way he unpacks principles intended to spark our own questioning including Education is too big to fail but maybe it should Time travel isn't reserved for DeLoreans Let us now praise rural communities Survival economics have made imagination a luxury good Blending philosophy business strategy cultural criticism and fascinating case studies Radical Curiosity is a new way of solving our

most complex problems one focused not on technology or science but on the power of human inquiry By asking us to relearn how we learn reengage in dialogue revive our youthful sense of wonder and rethink what we value it reignites the curiosity needed to imagine and build a better world

If You Could Live Anywhere Melody Warnick,2022-07-26 Even when your job can be done from anywhere the place you call home still matters a lot By the old rules of work your dream career determines where you live If you want to make movies move to Los Angeles If you want to work in publishing you must be in New York And if you re launching a start up you ll only succeed in Silicon Valley But with the meteoric rise of remote and freelance work more people than ever are becoming location independent Even doctors teachers and other people in more traditional occupations have to make tough choices about where they settle because living in the right place can still make all the difference for your success and happiness So if work won t dictate where you live how will you ever decide If You Could Live Anywhere answers that question Melody Warnick unpacks the big picture concerns that we often miss when we re writing pros and cons lists about potential destinations Because the secret to being happy isn t moving it s aligning your location with your values You ll learn how to craft a personal location strategy that will make the most of your money your community and your life with success stories from people who flexed their location independence to find homes and work they love The future of work is clear it can happen wherever you are So where do you really want to be
