National Identities and Socio-Political Changes in Latin America Antonio Gomez-Moriana, Mercedes Duran-Cogan, 2013-10-31 This study frames the social dynamics of Latin American in terms of two types of cultural momentum foundational momentum and the momentum of global order in contemporary Latin America **Arts & Humanities Citation Index** ,1994 **Subject Guide to Books in Print** ,1991 *The Oxford Handbook of the Development of Imagination* Marjorie Taylor, 2013-05-02 The Oxford Handbook of the Development of Imagination provides a comprehensive overview of research on the role of imagination in cognitive and social development and its link with children's understanding of the real world **A Dictionary of the Bible** William Smith, 1893 **The Art and Science of Making the New Man in Early 20th-Century Russia** Yvonne Howell, Nikolai Kremmentsov, 2021-12-02 The idea that morally mentally and physically superior new men might replace the currently existing mankind has periodically seized the imagination of intellectuals leaders and reformers throughout history This volume offers a multidisciplinary investigation into how the new man was made in Russia and the early Soviet Union in the first third of the 20th century The traditional narrative of the Soviet new man as a creature forged by propaganda is challenged by the strikingly new and varied case studies presented here The book focuses on the interplay between the rapidly developing experimental life sciences such as biology medicine and psychology and countless cultural products ranging from film and fiction dolls and museum exhibits to pedagogical projects sculptures and exemplary agricultural fairs With contributions from scholars based in the United States Canada the UK Germany and Russia the picture that emerges is emphatically more complex contradictory and suggestive of strong parallels with other new man visions in Europe and elsewhere In contrast to previous interpretations that focused largely on the apparent disconnect between utopian new man rhetoric and the harsh realities of everyday life in the Soviet Union this volume brings to light the surprising historical trajectories of new man visions their often obscure origins acclaimed and forgotten champions unexpected and complicated results and mutual interrelations In short the volume is a timely examination of a recurring theme in modern history when dramatic advancements in science and technology conjoin with anxieties about the future to fuel dreams of a new and improved mankind **English Mechanic and World of Science** ,1875 Atlantic Educational Journal ,1912 English Mechanic and Mirror of Science and Art ,1875 English Mechanic and Mirror of Science ,1875 The Pall Mall Budget ,1876 **Journal of Education** ,1884 **The School Bulletin and New York State Educational Journal** ,1875 **Uniform Trade List Annual** ,1977 Truth Seeker ,1925 **Musical Courier** ,1881 **Guide to Reprints 2007** K.
