nice it's necessity And it's also the oft overlooked cornerstone of nearly all our content marketing In Everybody Writes top marketing veteran Ann Handley gives expert guidance and insight into the process and strategy of content creation production and publishing with actionable how to advice designed to get results These lessons and rules apply across all of your online assets like web pages home page landing pages blogs email marketing offers and on Facebook Twitter LinkedIn and other social media Ann deconstructs the strategy and delivers a practical approach to create ridiculously compelling and competent content It's designed to be the go to guide for anyone creating or publishing any kind of online content whether you're a big brand or you're small and solo Sections include How to write better Or for adult onset writers How to hate writing less Easy grammar and usage rules tailored for business in a fun memorable way Enough to keep you looking sharp but not too much to overwhelm you Giving your audience the gift of your true story told well Empathy and humanity and inspiration are key here so the book covers that too Best practices for creating credible trustworthy content steeped in some time honored rules of solid journalism Because publishing content and talking directly to your customers is at its heart a privilege Things Marketers Write The fundamentals of 17 specific kinds of content that marketers are often tasked with crafting Content Tools The sharpest tools you need to get the job done Traditional marketing techniques are no longer enough Everybody Writes is a field guide for the smartest businesses who know that great content is the key to thriving in this digital world
