page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Social Media Marketing](#) Mark Hollister,2019-04-20 Social Media Marketing Secrets and Hacks Top Influencers Use to Grow Their Personal Brand and Business Using Facebook Advertising Instagram and YouTube WARNING Do Not Read This Book If You Hate Money Facebook is the most popular and effective social media to advertise a product or a business It has more than 1 8 billion active users and several ad formats In this era people spend a tremendous amount of time on their phone and if you learn to target the right audience Facebook Advertising will help you sell almost anything This book covers the latest strategies that are working on Facebook right now Instagram is one of the most effective social media to advertise a product or a business IT has more than 800 million users In this era people spend a tremendous amount of time on their phone and if you learn to target the right audience Instagram Marketing will help you sell almost anything This book covers the latest strategies that are working on Instagram right now YouTube has changed our world from how we view video to how we connect and market opening a new entrepreneurial landscape to ambitious individuals Thousands of people generate six to seven figures annually from online video content And with the right roadmap you too could be en route to real influence and income What makes this book different Here are some of the things you can take away from the book FACEBOOK More than 10 incredible Facebook features including one that allow you to interact with potential customers without sending them a private message How to open a business page using two layer permission model that allows you to securely maintain and manage your Pages How to leverage the Facebook Ads Manager to create highly profitable Facebook Ads How to create a highly effective customer avatar that will boost your conversion rates while keeping ad costs extremely low How to set up a highly converting sales funnel A case study that shows you step by step how you can make 10 000 Each Month With Facebook Advertising YOUTUBE How the YouTube algorithm works in 2019 Proper use of titles descriptions and thumbnails How to engage with your comments How to monetize your YouTube channel How to explode your YouTube channel s growth in less than three months The secret formula to hardwire your channel for success A step by step guide on collaborating with big YouTubers for massive growth The best and most current vlogging and gaming equipment for small medium and high budgets The success mindset you need to become a YouTube king queen INSTAGRAM How to create Story ads Effective ways of using ads Converting Followers into clients via Instagram sales funnel Secrets to
