Can Prison Work The Prisoner As Object And Subject In Modern Corrections:

Can Prisons Work? Stephen Duguid, 2000-01-01 Duguid shows that both critics and defenders of incarceration have erred by making prisoners the object rather than the subject of their discourse **Journal of Prisoners on Prisons, V34, #1** Justin Piché, Kevin Walby, 2025-01-22 VOLUME 34 Number 1 2025 is a special issue of the Journal of Prisoners on Prisons on Emotions and the Affective Politics of Incarceration edited by Jennifer M Kilty University of Ottawa Rachel Fayter Carleton University and Justin Pich University of Ottawa In addition to articles on the emotions affect and imprisonment this edition of the journal includes a call for contributions for the 50th edition of Prisoners Justice Day book reviews and artwork by Steel Door Studios <https://steeldoorstudios.com> The Effects of Imprisonment Alison Liebling, Shadd Maruna, 2013-06-17 As the number of prisoners in the UK USA and elsewhere continues to rise so have concerns risen about the damaging short term and long term effects this has on prisoners This book brings together a group of leading authorities in this field both academics and practitioners to address the complex issues this has raised to assess the implications and results of research in this field and to suggest ways of mitigating the often devastating personal and psychological consequences of imprisonment Encyclopedia of Prisons and Correctional Facilities Mary Bosworth, 2004-12-15 The two volume Encyclopedia of Prisons and Correctional Facilities aims to provide a critical overview of penal institutions within a historical and contemporary framework Issues of race gender and class are fully integrated throughout in order to demonstrate the complexity of the implementation and intended results of incarceration The Encyclopedia contains biographies articles describing important legal statutes and detailed and authoritative descriptions of the major prisons in the United States Comparative data and examples are employed to analyze the American system within an international context The Encyclopedia's 400 entries are written by recognized authorities The appendix contains a comprehensive listing of every federal prison in the U S complete with facility details and service information **Global Encyclopedia of Public Administration, Public Policy, and Governance** Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public
