## **Canada As A Principle Power:**

**Canada as a Principal Power** David Brian Dewitt, John J. Kirton, 1983

**Of Peace and Power** Karsten Jung, 2009

More than 50 years after Canada played an instrumental role in its inception peacekeeping has once again returned to the center of the national foreign policy debate Having participated in every peacekeeping operation set up during the Cold War and lived through the fundamental changes the activity has undergone in the 1990s Ottawa is currently struggling to define a viable approach to peacekeeping for the 21st century As a timely contribution to this effort the study reveals the overt and subtle ways in which Canada's commitment to peacekeeping has contributed to the promotion of vital national interests in the past and might continue to do so in the future

**Canadian Foreign Policy in Africa** Edward Ansah Akuffo, 2016-04-15

After over fifty years of Canadian engagement with Africa no comprehensive literature exists on Canada's security policy in Africa and relations towards Africa's regional organizations The literature on Canada's foreign policy in Africa to date has largely focused on development assistance For the first time Edward Akuffo combines historical and contemporary material on Canada's development and security policy while analyzing the linkage between these sets of foreign policy practices on the African continent The book makes an important contribution to the debate on Canada's foreign policy generally and on Africa's approach to peace security and development while shedding light on a new theoretical lens non imperial

internationalism to understand Canada's foreign policy The author captures an emerging trend of cooperation on peace security and development between the Canadian government and African regional organizations in the twenty first century The resulting book is a valuable addition to the literature on African politics new regionalisms foreign policy global governance and international development studies

*Canada, Latin America, and the New Internationalism* Brian J.R.

Stevenson, 2000-12-06 In *Canada Latin America and the New Internationalism* Brian Stevenson argues that Canada's foreign policy toward Latin America has been profoundly affected by these three factors and has evolved in response to both changing domestic demands and shifting international circumstances By analysing a pivotal period in Canada Latin American relations he shows us how successive Canadian governments made important initiatives toward closer relationships with Latin America and were also pressured by non governmental organizations to play a bigger role in the region Canada's increased role can be seen in official foreign policy commitments such as the decision to join the Organization of American States and in policy decisions on political refugees He explains that while the United States has played a key role in sometimes constraining Canadian foreign policy in the region it is important to realize that Canadian foreign policy has been steadied by a long standing tradition of internationalism Canada Latin America and the New Internationalism demonstrates that the tradition of internationalism in Canadian foreign policy as viewed from the perspective of foreign policy analysis provides the framework within which to understand and accommodate changes in its policy toward Latin America The period which the book explores is critical in order to understand the contemporary nature and future direction of Canada Latin

America relations      **The Politics of Canadian Foreign Policy, Fourth Edition** Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015 Subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy As in previous editions this volume analyzes the deeply political context of how foreign policy is made in Canada Taking a broad historical perspective Kim Nossal Stéphane Roussel and Stéphane Paquin provide readers with the key foundations for the study of Canadian foreign policy They argue that foreign policy is forged in the nexus of politics at three levels the global the domestic and the governmental and that to understand how and why Canadian foreign policy looks the way it does one must look at the interplay of all three      **The Principles of Economic Geography** Robert Neal Rudmose Brown, 1920      **Pulp and Paper Magazine of Canada**, 1927      **The Constitution of Canada** William Paul McClure Kennedy, 1922      **Canada as a Principal Power** David Brian Dewitt, John J.
