Curriculum Development In Language Teaching:

Curriculum Development in Language Teaching Jack C. Richards, 2001-03-12 1 The origins of language curriculum development 2 From syllabus design to curriculum development 3 Needs analysis 4 Situation analysis 5 Planning goals and learning outcomes 6 Course planning and syllabus design 7 Providing for effective teaching 8 The role and design of instructional materials 9 Approaches to evaluation Curriculum Development in Language Teaching Jack C. Richards, 2017

Curriculum Development in Language Teaching C. Jack Richards, 2001 **The Language Teaching Matrix** Jack C. Richards, 1990-02-23 For use in courses on language teaching methodology and teacher preparation this book also serves as an invaluable source for courses in language curriculum development materials development and teaching practice The author views effective language teaching as a network of interactions involving the curriculum methodology the teacher the learner and instructional materials hence the metaphor of a matrix Each chapter discusses and examines the theoretical and practical dimensions of a central issue in language teaching Among the topics covered are curriculum development designing instructional materials teaching listening speaking reading and writing the nature of effective teaching self monitoring in teacher development and language and content Richards presents key issues in an accessible and highly readable style and shows how teachers and teachers in training can be involved in the investigation of classroom teaching and learning The emphasis is not on prescriptions but rather on developing effective teaching through understanding the various factors that interact in second language learning and in the second language classroom *Syllabus Design Of English Language Teaching* Prof. Dr. Abd. Hakim Yassi, Dipl., TESTL., M.A., 2018-01-03 This book is entitled Syllabus Design for English Language Teaching which was written and developed based on a research Communicative Competence Based Syllabus Design for Speaking Course One for Students of The English Department It mainly provides detailed elucidation of the process of designing a syllabus as one of systematic steps of curriculum development in language teaching Curriculum development in language teaching should be done since it implies an effort carried out by the language teachers to improve the quality of language teaching through some stages of systematic planning such as a needs analysis formulation of learning objectives development of syllabus and teaching materials teaching materials implementation as well as evaluation to find out the effectiveness of the curriculum by taking into account the achievement of learning goals in language teaching program This book generally includes some information on the discussion of 1 The status of English in the education system of Indonesia and the outcomes of English teaching all this time according to researchers in the field of language teaching 2 The distinction between the terms of curriculum and syllabus therewith the syllabus design theory from the standpoint of ESP and Language Program Development 3 Theory of needs analysis as the main cornerstone in the development of syllabus design 4 The concept and the theory of communicative competence based syllabus design 5 The systematic stages in designing a competency based syllabus ranging from preliminary stages with the needs analysis the stage of teaching

materials development as well as the stage of reviewing the learning outcomes 6 A practical example of a study which is presented to make the readers clearly understand how to apply the stages of developing the communicative competence based syllabus design Buku Persembahan Penerbit PrenadaMedia **Language Curriculum Development/Planning** Mohammadreza Rast, 2020-06-29 Document from the year 2020 in the subject Didactics for the subject English Miscellaneous grade 100 Islamic Azad University course Language Curriculum Development Planning language English abstract Every veteran EFL teacher is quite familiar with the importance of syllabus design materials preparation curriculum development and textbook evaluation Being able to construct a language curriculum is an important aspect of professionalism in TESOL This book will help you develop the knowledge and the skills required for a professional English language instructor This book can help the readers to acquire the preliminary knowledge which is related to curriculum development and curriculum planning area of studying in a short period of time Teaching English to the World George Braine, 2014-04-08 Teaching English to the World History Curriculum and Practice is a unique collection of English language teaching ELT histories curricula and personal narratives from non native speaker NNS English teachers around the world No other book brings such a range of international ELT professionals together to describe and narrate what they know best The book includes chapters from Brazil China Germany Hong Kong Hungary India Indonesia Israel Japan Lebanon Poland Saudi Arabia Singapore Sri Lanka and Turkey All chapters follow a consistent pattern describing first the history of English language teaching in a particular country then the current ELT curriculum followed by the biography or the autobiography of an English teacher of that country This consistency in the structuring of chapters will enable readers to assimilate the information easily while also comparing and contrasting the context of ELT in each country The chapter authors all born in or residents of the countries they represent and speakers of the local language or languages as well as English provide insider perspectives on the challenges faced by local English language teachers There is clear evidence that the majority of English teachers worldwide are nonnative speakers NNS and there is no doubt that many among them have been taught by indigenous teachers who themselves are nonnative speakers This book brings the professional knowledge and experience of these teachers and the countries they represent to a mainstream Western audience including faculty professionals and graduate students in the field of ESL to the international TESOL community and to ELT teachers around the world

Language Curriculum Design John Macalister, I.S.P. Nation, 2009-09-10 Crystal clear and comprehensive yet concise this text describes the steps involved in the curriculum design process elaborates and justifies these steps and provides opportunities for practicing and applying them The description of the steps is done at a general level so that they can be applied in a wide range of particular circumstances The process comes to life through plentiful examples of actual applications of the steps Each chapter includes examples from the authors experience and from published research tasks that encourage readers to relate the steps to their own experience case studies and suggestions for further reading that put

readers in touch with others experience Curriculum or course design is largely a how to do it activity that involves the integration of knowledge from many of the areas in the field of Applied Linguistics such as language acquisition research teaching methodology assessment language description and materials production Combining sound research theory with state of the art practice Language Curriculum Design is widely applicable for ESL EFL language education courses around the world The language dimension in all subjects Jean-Claude Beacco, Mike Fleming, Francis Goullier, Eike

Thürmann, Helmut Vollmer, Joseph Sheils, 2016-10-24 Mastering the language of schooling is essential for learners to develop the skills necessary for school success and for critical thinking It is fundamental for participation in democratic societies and for social inclusion and cohesion This handbook is a policy and working document which promotes convergence and coherence between the linguistic dimensions of various school subjects It proposes measures to make explicit in curricula pedagogic material and teacher training the specific linguistic norms and competences which learners must master in each school subject It also presents the learning modalities that should allow all learners and in particular the most vulnerable among them to benefit from diversified language learning situations in order to develop their cognitive and linguistic capacities

Language for Specific Purposes Mary K. Long, 2017 In the United States today there is lively discussion both among educators and employers about the best way to prepare students with high level language and cross cultural communication proficiency that will serve them both professionally and personally in the global environment of the twenty first century At the same time courses in business language and medical language have become more popular among students Language for Specific Purposes LSP which encompasses these kinds of courses responds to this discussion and provides curricular models for language programs that build practical language skills specific to a profession or field Contributions in the book reinforce those models with national survey results demonstrating the demand for and benefits of LSP instruction With ten original research based chapters this volume will be of interest to high school and university language educators program directors linguists and anyone looking to design LSP courses or programs in any world language

The Routledge Handbook of Materials Development for Language Teaching Julie Norton, Heather Buchanan, 2022-03-16 The Routledge Handbook of Materials Development for Language Teaching is the definitive resource for all working in this area of language and English language teaching With 34 chapters authored by leading figures from around the world the Handbook provides an historical overview of the development of language teaching materials critical discussion of core issues and an assessment of future directions The contributions represent a range of different international contexts providing insightful state of the art coverage of the field Structured in nine sections the Handbook covers changes and developments in language teaching materials controversial issues in materials development research and materials development materials for language learning and skills development materials evaluation and adaptation materials for specific contexts materials development and technology developing materials for publication professional development

and materials writing Demonstrating throughout the dynamic relationship between theory and practice this accessible Handbook is essential reading for researchers scholars and students on MA programmes in ELT TESOL and applied linguistics

The Second Language Curriculum Robert Keith Johnson,1989-04-27 Issues of language curriculum development underlied the planning and implementation of language teaching programmes These papers argue for the process to be made explicit and deal with curriculum planning specification of ends and means programme implementation and classroom implementation

Curriculum Development, Materials Design and Methodologies: Trends and Issues (Penerbit USM) Ambigapathy Pandian,Thomas Chow Voon Foo,Shaik Abdul Malik Mohamed Ismail, This book reflects an exceptional collection of articles literature reviews and research finding primarily linked to curriculum and material development activities The book covers various aspects from the theoretical frameworks and research findings that govern curriculum and material development processes to actual classroom practices that incorporated learners needs and contexts Articles and research findings selected and presented in this book are primarily based on practicing school teachers interest In addition to its wide coverage in terms of topics and contents the book authors and contributors are from both local and abroad This is intended for university students curriculum planners teachers school administrators and teacher trainers that serve as guide for courses in language material design and curriculum and instruction

A Practical Guide to a Task-based Curriculum Icy LEE,Anne MA,May PANG,Elizabeth WALKER,Alice CHOW,Benjamin LI,2008-05-01 This book aims to support and empower frontline ELT teachers in implementing a task based approach systematically without losing sight of the importance of grammar teaching within the framework of tasks Useful examples are provided to illustrate how grammar teaching can be conducted through meaningful tasks in authentic contexts The importance of viewing assessment as an integral part of the learning teaching and assessment cycle is also discussed with practical suggestions on developing assessment tasks and assessment criteria provided Published by City University of Hong Kong Press

Developing Language Teachers with Exploratory Practice Kenan Dikilitaş,Judith Hanks,2018-06-26 This edited collection explores the use of Exploratory Practice EP by language teachers in classrooms Written by practitioners the chapters showcase unique examples of each principle of EP with topics ranging from mentoring practitioner researchers to teaching and learning in EAP and investigating curriculum development in language teaching programs The book provides example EP studies and gives voice to practitioners experiences of the challenges they experienced as well as the benefits Examples include tackling intercultural communication in linguistically and culturally diverse classrooms pedagogy and curriculum design in language teaching explorations of continuing professional development in language education In doing so it offers tools that can be transferred to other classroom contexts and used to aid teacher development The concluding chapter highlights critical aspects of Exploratory Practice which emerge in the studies and examines how practitioners advanced their understandings This book will appeal to those working in Applied Linguistics TESOL research as well as language

teachers and teacher educators Developing a New Curriculum for School-age Learners Kathleen Graves, Lucilla Lopriore, 2009 These are exciting and challenging times for English language curriculum development for school age learners The global reach of English has spurred a rethinking of its role in education and consequently a rethinking of how to teach it The accounts in this volume represent differences in educational systems language teaching traditions purposes for learning English and responses to educational reform Despite these differences it is clear that in many countries the role of English is shifting from language as a subject and end in itself to language as a means for academic learning and for cultural communication and exchange In this volume two chapters address curriculum development in target language embedded contexts both in the United States and eight chapters address curriculum development in target language removed contexts Egypt Japan Belarus Russia China Israel Italy and Colombia Because different countries face different challenges the contributors remind us that we cannot make broad generalizations about English language teaching and curriculum development throughout the world And they help us better understand how various educational systems are currently interpreting traditions and innovations in language teaching in an age of change a time when English is acquiring new identities Contents of this book include 1 Challenges and Opportunities in Designing a New Curriculum for School Age Learners Kathleen Graves and Lucilla Lopriore 2 a New Way for a New Age Developing a Standards Based Curriculum for Young Learners in Egypt Barbara Thornton Nadia A Touba Ashraf Bakr and Susan Iannuzzi 3 Teaching Reading to efl Students in Belarus Liudmila Lapitskaya and Caroline Linse 4 The Introduction of English for Communication in a Japanese Elementary School Having an English Shower Yuko Tomita 5 Students as Teachers Collaborating for Greater Success in Science for English Language Learners Elizabeth Park 6 Disturbing the Future Curriculum Change in a Kibbutz School Arie Sherris and 7 Distilling Content for Chinese Middle School Learners Thomas Nowalk *The Language of Learning* J. Lynn McBrien, Ronald S. Brandt, 1997 *Innovation in English Language Teaching* David Hall, Ann Hewings, 2013-10-18 This reader provides both theoretical perspectives and practical tools for analysing and understanding how ELT classroom curricula can be analysed developed and evaluated The commissioned and classic texts place curriculum change in a philosophical framework and also explore the political and institutional considerations A series of case studies are provided to highlight both the role of the teacher in curriculum innovation and various processes of planning and implementation The final section deals with evaluating curriculum and syllabus change **The Context of Language Teaching** Jack C. Richards, 1985-04-26 This is an important collection of papers by a distinguished personality in the field Topics covered include second language acquisition syllabus design methodology and methods listening speaking vocabulary and grammar Issues in applied linguistics are summarised and presented with clarity and their practical implications explored thus making the vital connection between theory and practice in language teaching Language teachers and students of applied linguistics will find this collection contains a wide range of recent work in linguistics presented in a lucid and highly accessible form
