[Mind-Reading and Artificial Intelligence: Past, Present and Future](#) Prof. (Dr.) Jai Paul Dudeja, 2024-10-30. Mind reading typically refers to the ability of discerning or interpreting someone else's thoughts, feelings or intentions. Mind Reading has two components: human based and ii device based artificial intelligence. Artificial Intelligence (AI) refers to programming computers to do tasks that normally require human intelligence, like learning, problem solving and understanding language. It is like giving computers the ability to think and make decisions on their own, similar to how humans do. AI helps machines learn from data, adapt to new situations and perform tasks without being explicitly programmed for each step. This book covers the topics on human based and device based mind reading and interpretation, artificial intelligence that is divided into
