**Can Labor Standards Improve Under Globalization?** Kimberly Ann Elliott, Richard Barry Freeman, 2003 In this study the authors move beyond the debate on the relative merits and risks of a social clause in trade agreements and focus on practical approaches for improving labour standards in a more integrated global economy

**The Limits of Regionalism** Robert G. Finbow, 2017-11-28 Assessing the effectiveness of the North American Agreement on Labour Cooperation NAALC this book examines the operation of the core institutions the Secretariat and National Administrative Offices over the past seven years It discusses the main functions of these institutions in hearing public submissions on violations of labour laws and in conducting research and cooperative activities Based on interview research the analysis reviews the strengths and weaknesses of the accord to assess its contribution to a common labour relations regime in North America and its impact in creating new transnational communities of actors in government and civil society in the three countries The NAALC is also compared with the social dimension of the European Union system and a final assessment is made as to whether the NAALC institutions live up to the promises of their founders and whether these can be a model for labour relations in any future Free Trade Area of the Americas FTAA agreement

*Handbook of Globalisation and Development* Kenneth A. Reinert, 2017-03-31 Characterised by conceptual diversity the Handbook of Globalisation and Development presents contributions from prominent international researchers on all aspects of globalisation and carefully considers their role across a whole host of development processes The Handbook is structured around seven key areas international trade international production international finance migration foreign aid a broader view and challenges Adopting a multi disciplinary approach the section on a broader view delves into dimensions of globalisation and development that go beyond the mere economic such as culture technology health and poverty Carefully crafted the chapters herein offer a rigorous and comprehensive assessment of the available research to date and provide an assessment of policy options across all areas considered

*Global Values and International Trade Law* Csongor István Nagy, 2021-12-26 Exploring the relationship and interaction between economic interests and normative non trade values this book argues that the emergence and development of non trade values is based on a complex dialectic interaction between selfish economic interests and normative values and examines how their structural interdependence has given rise to a remarkable evolution in international trade Conceiving this relationship as an intricate dialectic one that is neither purely value driven nor purely economic interest driven it addresses the emergence function and role of non trade values in international trade with a synthesizing approach and explores the results of their interaction in international economic intercourse Approaching the non trade issues of trade in a holistic manner the book demonstrates that trade can operate smoothly only if it is framed by an architecture of normative value standards and international trade liberalization has reached the level where further development calls for cooperation also in fields that at first glance may appear to be non trade in nature

**Megaregulation Contested** Benedict Kingsbury, David M.

Malone, Paul Mertenskötter, Richard B. Stewart, Thomas Streinz, Atsushi Sunami, 2019-06-06 The Japan led Trans Pacific Partnership CPTPPA of 2018 is the most far reaching megaregional economic agreement in force with several major countries beyond its eleven negotiating countries also interested Still bearing the stamp of the original US involvement before the Trump era reversal TPP is the first instance of megaregulation a demanding combination of inter state economic ordering and national regulatory governance on a highly ambitious substantive and trans regional scale Its text and ambition have influenced other negotiations ranging from the Japan EU Agreement JEEPA and the US Mexico Canada Agreement USMCA to the projected Pan Asian Regional Comprehensive Economic Partnership RCEP This book provides an extensive analysis of TPP as a megaregulatory project for channelling and managing new pressures of globalization and of core critical arguments made against economic megaregulation from standpoints of development inequality labour rights environmental interests corporate capture and elite governance Specialized chapters cover supply chains digital economy trade facilitation intellectual property currency levels competition and state owned enterprises government procurement investment prescriptions for national regulation and the TPP institutions Country studies include detailed analyses of TPP related politics and approaches in Japan Mexico Brazil China India Indonesia and Thailand Contributors include leading practitioners and scholars in law economics and political science At a time when the WTO and other global scale institutions are struggling with economic nationalism and geopolitics and bilateral and regional agreements are pressed by public disagreement and incompatibility with digital and capital and value chain flows the megaregional ambition of TPP is increasingly important as a precedent requiring the close scrutiny this book presents

**The Business of Human Rights** Aurora Voiculescu, Helen Yanacopulos, 2011-01-13 In a time when multinational corporations have become truly globalised demands for global standards on their behaviour are increasingly difficult to dismiss Work conditions in sweatshops widespread destruction of the environment and pharmaceutical trials in third world countries are only the tip of the iceberg This timely collection of essays addresses the interface between the calls for corporate social responsibility CSR and the demands for an extension of international human rights standards Scholars from a vast variety of backgrounds provide expert yet accessible accounts of questions of law politics economics and international relations and how they relate to one another while also encouraging non legal perspectives on how businesses operate within and around human rights The result is an essential incursion for a wide range of scholars practitioners and students in law development business studies and international studies in this emerging area of human rights

Business and Human Rights Dorothée Baumann-Pauly, Justine Nolan, 2016-04-28 In a global economy multinational companies often operate in jurisdictions where governments are either unable or unwilling to uphold even the basic human rights of their citizens The expectation that companies respect human rights in their own operations and in their business relationships is now a business reality that corporations need to respond to Business and Human Rights From Principles to Practice is the first comprehensive and interdisciplinary textbook that addresses these

issues It examines the regulatory framework that grounds the business and human rights debate and highlights the business and legal challenges faced by companies and stakeholders in improving respect for human rights exploring such topics as the regulatory framework that grounds the business and human rights debate challenges faced by companies and stakeholders in improving human rights industry specific human rights standards current mechanisms to hold corporations to account future challenges for business and human rights With supporting case studies throughout this text provides an overview of current themes in the field and guidance on practical implementation demonstrating that a thorough understanding of the human rights challenges faced by business is now vital in any business context
