People and businesses spend years trying to make it in the Creator Economy. Many are genuine with something valuable to share yet nothing clicks. At the same time they watch countless creators go viral and businesses with lower quality rake in millions every month getting massive likes securing brand deals and attracting customers. This leaves many talented creators and small businesses questioning whether they should even stay in the Creator Economy. The short answer: Yes. By 2027 the Creator Economy is projected to be worth half a trillion dollars. In [Pixels to Profits](#) you'll learn The 5Cs of the Creator Economy. Did you know that you are a part of at least one of them? The 3Rs that every great content piece has. How aspiring creators and small and medium sized businesses have the highest leverage in this upcoming multibillion dollar economy. What the world's top voices in the Creator Economy have to say about the future of AI and emerging technologies. And much more.

The Publishing Business Kelvin Smith, Melanie Ramdarshan Bold, 2024-01-11. Are you considering a career in the world of publishing or simply want to understand more about the industry? If so, [The Publishing Business](#) will take you through the essential publishing activities performed in editorial, rights, design, production, sales, and marketing departments. International examples from across the industry, from children's books to academic monographs, demonstrate key responsibilities at each stage of the publishing process and how the industry is adapting to digital culture.
