Prompt Management Margeaux E. Stafford, 2025-07-21. Prompt Management is a practical, sharp-witted guide for working managers who are overwhelmed by the writing their roles require. With more than 200 ChatGPT prompts written for real workplace scenarios, this book helps you tackle the daily writing tasks that slow you down: performance reviews, team updates, policy summaries, project memos, meeting notes, stakeholder reports, and the ever-growing pile of unread emails. Rather than offering abstract leadership advice or vague inspiration, this book delivers something far more useful: well-structured professional prompts you can use immediately. Each one is paired with a brief, thoughtful introduction to help you understand its context, tone, and best use. Whether you're writing up quarterly results, coaching an underperforming team member, summarizing a company-wide initiative, or drafting an apology that doesn't sound like one, this book shows you how to use AI to get the job done faster and better. You will find prompts for executive communications, training materials, project documentation, client messaging, spreadsheets, and tables, and even slide decks. You will learn how to request support without sounding unprepared, offer feedback without being harsh, and keep your messaging clear and professional, even when your actual workload is anything but. Written by a former manager with fifteen years of experience and a well-earned sense of humor, Prompt Management was created for professionals who don't have time to waste but still care deeply about how they sound. It is part survival guide, part language toolkit, and part quiet rebellion against writing another memo alone. If you've ever opened a blank document, sighed, and thought "I just need a place to start," this book was made for you. Let AI handle the first draft so you can focus on the part of your job that actually matters and leave work a little closer to on time. **Prompt Engineering and ChatGPT** Russel Grant, 2023-11-24 **ChatGPT for Task Automations:** Rachel Bennett, 2025-08-14.
