Earth Harmony Siting And Protecting Your Home A Spiritual Guide:

Earth Harmony Nigel Pennick,1987-01-01 **Out of the Ordinary** Derham Groves,2020-05-15 Out of the Ordinary is one part unembellished documentation and one part verbi visual equivalent of a Pro Hart work made with nineteenth century paint loaded canons It is a cultural history resource for contemporary designers imaginarium and luminous almanac of an explorer of the stranger species of creativity from brick art to letterboxes junk mail mail art television fashion food model trains Disney s imagineering amusement parks feng shui Postmodern architecture human scale craftsmanship forgotten Australian architects in China famous architects that perhaps should be forgotten save for their bow ties collectors of Sherlock Holmes memorabilia outsider artists and clients and none of these things exactly Everywhere Derham Groves attends to and finds significance in the minutiae of everyday life inter association and those things that affect us so profoundly but remain just outside the purview of the normal And in these things objects art architecture environment s he finds stories and teaches his reader how to do the same Out of the Ordinary is also a motivational text It begins with bricks perhaps the most standardized and repeatable units of construction and reveals how they can be used as vehicles for unfettered creativity and not merely for the creation of containers Groves shows how art and architecture can emerge and receive nourishment from the garbage of the everyday and creative collisions Groves also calls albeit subtly for a turn away from homogeneity the standardized and unimaginative or lazy design informed by principles of economy efficiency utility and function conceived in abstraction Rather Groves celebrates the reanimation and or rejuvenation of place by the makers of anything out of the ordinary who don t necessarily pray to the demiurge of good taste who have created spaces and things through which the creative imagination shines Dr Andrew Chrystall School of Communication Journalism and Marketing Massey University **Creating Places of Power** Nigel Pennick,2022-11-29 An exploration of the traditional rites of auspicious building and crafting Explains the ceremonial beginnings and Hermetic principles in the laying out of foundations not only for sacred buildings like temples but also for homes and barns Examines the principles and ceremonies of electional astrology and details how to compute natural time as opposed to clock time Shares examples from ancient Egypt Iran India and Europe that range from the Stone Age to the Renaissance and include secret societies When we make things whether a building a sacred space or a magical object there is a precise moment when the artifact comes into being as a separate entity That moment in time possesses its own unique quality and because of this there is a right time to do something and a wrong time And as Nigel Pennick reveals we have the power to select favorable moments for our creations just as our ancestors did Illustrating ancient principles of divination chronomancy and electional astrology Pennick examines all the factors behind the ancestral art of geomancy the auspicious creation and alignment of sacred buildings as places of power Sharing examples from ancient Egypt Iran India and Europe that range from the Stone Age to the modern day including secret societies like the Rosicrucians and the Freemasons he explains how many cities were constructed on specially selected sites and founded

ritually at precise predetermined moments Looking at the traditional rites of creating places of power Pennick explains the ceremonial beginnings and Hermetic principles in the laying out of foundations as well as the use of sacrifice in the building of many notable structures Examining the role of sacred geometry in geomancy Pennick explains the Hermetic meaning assigned to each direction in traditional European cultures as well as the principles of natural measures and the science of understanding lucky and unlucky days Revealing how geomantic principles are rooted in the structure of the world and the cosmic patterns of space and time the author shows how they transcend the ages and are just as meaningful today as they were to our ancestors

Religious Agrarianism and the Return of Place Todd LeVasseur, 2017-10-27 Gold Medalist 2018 Independent Publisher Book Awards in the Religion Category Finalist for the 2017 Foreword INDIES Book of the Year Award in the Religion category Writing at the interface of religion and nature theory US religious history and environmental ethics Todd LeVasseur presents the case for the emergence of a nascent religious agrarianism within certain subsets of Judaism and Christianity in the United States Adherents of this movement who share an environmental concern about the modern industrial food economy and a religiously grounded commitment to the values of locality health and justice are creating new models for sustainable agrarian lifeways and practices LeVasseur explores this greening of US religion through an extensive engagement with the scholarly literature on lived religion network theory and grounded theory as well as through ethnographic case studies of two intentional communities at the vanguard of this movement Koinonia Farm an ecumenical Christian lay monastic community and Hazon a progressive Jewish environmental group
