Working with AI c't-Redaktion, 2024-01-24 The special issue of c't KI Praxis provides tests and practical instructions for working with chatbots It explains why language models make mistakes and how they can be minimised This not only helps when you send questions and orders to one of the chatbots offered online If you do not want to or are not allowed to use the cloud services for data protection reasons for example you can also set up your own voice AI The c't editorial team explains where to find a suitable voice model how to host it locally and which service providers can host it The fact that generative AI is becoming increasingly productive harbours both opportunities and risks Suitable rules for the use of AI in schools training and at work help to exploit opportunities and minimise risks

Gaming the System David J. Gunkel, 2018-05-09 Gaming

the System takes philosophical traditions out of the ivory tower and into the virtual worlds of video games In this book author David J Gunkel explores how philosophical traditions put forth by noted thinkers such as Plato Descartes Kant Heidegger and i ek can help us explore and conceptualize recent developments in video games game studies and virtual worlds Furthermore Gunkel interprets computer games as doing philosophy arguing that the game world is a medium that provides opportunities to model and explore fundamental questions about the nature of reality personal identity social organization and moral conduct By using games to investigate and innovate in the area of philosophical thinking Gunkel shows how areas such as game governance and manufacturers terms of service agreements actually grapple with the social contract and produce new postmodern forms of social organization that challenge existing modernist notions of politics and the nation state In this critically engaging study Gunkel considers virtual worlds and video games as more than just fun and games presenting them as sites for new and original thinking about some of the deepest questions concerning the human experience **Weekly**
