in random sequence from a Baroque building to an ancient or a modern one but the historical development is followed successively Every epoch is preceded by an introduction that identifies its key features This produces a continuous lavishly illustrated history of the architecture of Rome and thus at the same time of the whole of the West Practical handling is guaranteed by an alphabetical index and detailed maps whose information does not just immediately illustrate the historical picture but also makes it possible to choose a personal route through history Achieving Diversity Barbara I. Dewey,Loretta Parham,2006 Barbara Dewey and Loretta Parham join 50 other librarians including Tracie Hall Emma Bradford Perry and Hannelore B Rader to explore one of the major issues facing the profession diversity This innovative guide explores how librarians can ensure that their services staff and collections truly reflect our multicultural society Chapters cover strategic planning recruiting and retaining minorities reaching out to new users marketing to underrepresented populations building collections for marginalized groups overcoming the digital divide assessment and other important topics The contributors provide numerous forms and documents including library diversity plans residency and intern job descriptions recruitment materials programming plans and documents and web resources With guidance drawn from real experience in public and academic libraries this unique guide will help to make diversity a reality in libraries
