

Divine Hiddenness and Human Reason

With a New Preface

J. L. SCHELLENBERG

CORNELL STUDIES IN THE PHILOSOPHY OF RELIGION

Divine Hiddenness And Human Reason

J. L. Schellenberg

Divine Hiddenness And Human Reason:

Divine Hiddenness and Human Reason J. L. Schellenberg, 2006 In this clearly written and tightly argued book J L Schellenberg addresses a fundamental yet neglected religious problem If there is a God he asks why is his existence not more obvious Traditionally theists have claimed that God is hidden in order to account for the fact that the evidence of his existence is as weak as it is Schellenberg maintains that given the understanding of God s moral character to which theists are committed this claim runs into serious difficulty There are grounds the author writes for thinking that the perfectly loving God of theism would not be hidden that such a God would put the fact of his existence beyond reasonable nonbelief Since reasonable nonbelief occurs Schellenberg argues it follows that there is here an argument of considerable force for atheism In developing his claim Schellenberg carefully examines the relevant views of such theists as Pascal Butler Kierkegaard Hick and others He clarifies their suggestions concerning Divine hiddenness and shows how they fall short of providing a rebuttal for the argument he presents That argument he concludes poses a serious challenge to theism to which contemporary theists must seek to respond The first full length treatment of its topic Divine Hiddenness and Human Reason will be of interest to anyone who has sought to reach a conclusion as to God s existence and especially to theologians and philosophers of religion

The Hiddenness Argument J. L. Schellenberg, 2015-07-02 In many places and times and for many people God s existence has been rather less than a clear fact According to the hiddenness argument this is actually a reason to suppose that it is not a fact at all The hiddenness argument is a new argument for atheism that has come to prominence in philosophy over the past two decades J L Schellenberg first developed the argument in 1993 and this book offers a short and vigorous statement of its central claims and ideas Logically sharp but so clear that anyone can understand the book addresses little discussed issues such as why it took so long for hiddenness reasoning to emerge in philosophy and how the hiddenness problem is distinct from the problem of evil It concludes with the fascinating thought that retiring the last of the personal gods might leave us nearer the beginning of religion than the end Though an atheist Schellenberg writes sensitively and with a nuanced insider s grasp of the religious life Pertinent aspects of his experience as a believer and as a nonbeliever and of his own engagement with hiddenness issues are included Set in this personal context and against an authoritative background on relevant logical conceptual and historical matters The Hiddenness Argument s careful but provocative reasoning makes crystal clear just what this new argument is and why it matters *Examining Schellenberg's Hiddenness Argument*

Veronika Weidner, 2018-12-29 This book examines the so called hiddenness argument of the Canadian philosopher John L Schellenberg The hiddenness of God is a topic evincing a rich tradition in the monotheistic religions of Judaism Christianity and Islam Rather recently an argument emerged claiming that the hiddenness of God reveals on closer inspection the non existence of God Some say that Schellenberg s hiddenness argument is likely as forceful as the argument from evil rendering theism rather implausible or even false In this book an account of the traditional theistic notion of divine hiddenness is

presented which contrasts sharply from Schellenberg's use of the term. Moreover a well needed detailed exposition of the premises of the hiddenness argument is offered thereby preparing the ground for an even more in depth future hiddenness debate. Furthermore a reply to the argument is given which challenges the truth of one specific subpremise according to which belief that God exists is necessary in order to personally relate to God. Even though a plausible case is made that the hiddenness argument is unsound it is beyond dispute that the argument deserves more serious reflection by theists and atheists alike.

The God Beyond Belief Nick Trakakis, 2006-11-03 This study of Professor William Rowe's defense of atheism on the basis of evil assesses the literature that has developed in response to Rowe's work closely examining two strategies: mystery, the idea that God may have reasons beyond our comprehension for permitting evil and theodicy explanations as to why God allows evil to flourish. The book unearths difficulties in both concluding that the God of theism must be beyond belief.

Divine Hiddenness and the Challenge of Inculpable Nonbelief Matthew Ryan Sokoloski, 2012 Divine hiddenness is the idea that God is in some sense hidden or obscure. This dissertation responds to J. L. Schellenberg's argument based on divine hiddenness and human reason against the existence of God. Schellenberg argues that if a perfectly loving God exists, we would not expect to find such widespread nonbelief in God's existence. Given the amount of reasonable nonbelief in the world, Schellenberg argues that an agnostic ought to conclude that God does not exist rather than conclude that God is hidden. Schellenberg's argument has three major premises: 1. If there is a God, he is perfectly loving. 2. If a perfectly loving God exists, reasonable nonbelief does not occur. 3. Reasonable nonbelief occurs. I provide a theistic response to the argument from divine hiddenness in an attempt to offer the agnostic a reasonable reply that prevents an atheistic conclusion. In order to defeat the prima facie evidence for Schellenberg's argument, I first question the amount of reasonable nonbelief in an effort to reduce the evidential force of Schellenberg's third premise. This is followed by a consideration of possible defenses to challenge the second premise that if a perfectly loving God exists, reasonable nonbelief does not occur. Free will defenses are considered but I conclude that they are not sufficient as a response to the challenge that Schellenberg has developed. Instead, I argue that skeptical theism is a defense which can be successful in preventing an agnostic from being necessarily led epistemically to conclude that God does not exist. Finally, I develop a second defense motivated by concepts from Paul K. Moser that I take to be the most promising response to Schellenberg's argument from divine hiddenness. By casting the evidence for God in a new context, I conclude that the challenge that Schellenberg has developed can be overcome by providing a defense which shows that God motivated by divine love may in some sense be hidden so as to allow reasonable nonbelief to occur at least for a time.

Religious Ambiguity and Religious Diversity Robert McKim, 2015 The religious ambiguity of the world has many aspects, one of which is the hiddenness of God. Theists have proposed a number of explanations of God's hiddenness. Some putative explanations contend that the advantages of God's hiddenness—goods of mystery—outweigh whatever benefits would result if God's existence and nature were clear to us—goods of clarity. Goods of

mystery that have received a lot of discussion include human moral autonomy and the ability on our part to exercise control over whether we believe in the existence of God The extent of the ambiguity that surrounds God s existence and indeed all important religious matters combined with our lack of an obviously correct and adequate explanation of this lack suggest that even if God exists it is not important that people believe in God Another central theme in the book is the significance of religious diversity for religious belief The character of this diversity is such that it provides people who take a position on religious matters with reason to adopt the Critical Stance which requires people in all the religious traditions to subject their religious beliefs to critical scrutiny and hold those beliefs in a tentative way Some contend that religious faith requires complete confidence in what is believed but tentative belief actually is sufficient to sustain many forms of religious commitment

Why Does God Seem So Hidden? Joshua C. Waltman,2023-04-06 Why does God seem so hidden obscure and silent Why doesn t he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God s revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor necessarily entails hiddenness This work proposes five spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness

Philosophy of Religion William J. Wainwright,2010 The past forty years or so have witnessed a renaissance in the philosophy of religion New tools and new historical research have prompted many thinkers to take a fresh look at old topics Moreover sophisticated examinations of contentious new issues such as the problem of religious diversity or the role of emotions and other non evidential factors in shaping rationally held religious beliefs have also emerged Comes fully indexed with a comprehensive introduction newly written by the editor

Obstacles to Divine Revelation Rolfe King,2011-11-03 A fascinating philosophical approach to the concept of divine revelation exploring the implications this theory may have for generating a new concept of religious truth

Nonbelief & Evil Theodore M. Drange,1998 Can God s nonexistence be established According to author Theodore M Drange it all depends on what is meant by God This book expands the frontiers of philosophy by exploring atheism evil and the nonexistence of God Included are examinations of free will the possibility of an afterlife arguments by theists and more

Fundamental Theology Matthew L. Becker,2024-01-25 Encyclopedic in scope this book offers wide ranging coverage of the foundational teachings and practices within the mainstream of the classical Christian tradition It begins with their roots in the Scriptures and also branches out into Eastern

and Western Christianity ancient medieval and modern to the present day Part I provides an overview of some of these routes then presents an historical survey of Christianity's major traditions Part II unpacks some of the character of that revelation focusing particularly on epistemological and procedural questions Finally Part III looks at Christian theology in a university setting the possibility and shape of theology as a university discipline its major subfields and its relations with humanities and the sciences respectively

Fundamental Theology A Protestant Perspective 2nd edition includes a wide range of pedagogical features each chapter begins with an outline thesis statement highlighted in bold charts and graphs relevant headings and subheadings employed throughout the book keywords provides a survey of pertinent reference literature questions for review and discussion annotated suggestions for further reading

God and Inscrutable Evil David O'Connor, 1998 In this important new book David O'Connor discusses both logical and empirical forms of the problem of inscrutable evil perennially the most difficult philosophical problem confronting theism Arguing that both a version of theism friendly theism and a version of atheism friendly atheism are justified on the evidence in the debate over God and evil O'Connor concludes that a warranted outcome is a philosophical *dante* between those two positions On the way to that conclusion he develops two arguments from evil a reformed version of the logical argument and an indirect version of the empirical argument and deploys both against a central formulation of theism that he describes as orthodox theism **God and Inscrutable Evil** makes a valuable contribution to contemporary debates in the philosophy of religion

A Scientific Theology Alister E. McGrath, 2003 Written by Alister McGrath one of the world's best known theologians these volumes present the most extended and systematic exploration of the relation between Christian theology and the natural sciences ever undertaken Thoroughly ecumenical in approach **A Scientific Theology** is a significant work for Catholic Orthodox and Protestant readers Each volume is marked throughout by a sustained critical engagement with the history and philosophy of the natural sciences and by a passionate commitment to the legitimacy of theology as an academic discipline Volume 3 provides a fresh evaluation of the origins and place of theory in Christian theology Dealing with the question of how reality is represented in Christian theology and the natural sciences theory is understood as a response to experienced reality a communal beholding of reality Against those who might favor a non dogmatic Christianity McGrath argues that the Christian community is under an intellectual obligation to give an account of what it corporately beholds The many theoretical issues addressed in this volume include the manner in which closure is secured in theological theorizing the problem of reductionism in theoretical analysis the explanatory dimensions of theology the implications of the stratification of reality for its representation the place of metaphysics in Christian theology and the nature of revelation itself Book jacket

Religious and Theological Abstracts, 2006 **The Philosopher's Index**, 2009 Vols for 1969 include a section of abstracts

The Wisdom to Doubt J. L. Schellenberg, 2012-05-15 **The Wisdom to Doubt** is a major contribution to the contemporary literature on the epistemology of religious belief Continuing the inquiry begun in his previous book *Prolegomena to a*

Philosophy of Religion J L Schellenberg here argues that given our limitations and especially our immaturity as a species there is no reasonable choice but to withhold judgment about the existence of an ultimate salvific reality Schellenberg defends this conclusion against arguments from religious experience and naturalistic arguments that might seem to make either religious belief or religious disbelief preferable to his skeptical stance In so doing he canvasses virtually all of the important recent work on the epistemology of religion Of particular interest is his call for at least skepticism about theism the most common religious claim among philosophers The Wisdom to Doubt expands the author's well known hiddenness argument against theism and situates it within a larger atheistic argument itself made to serve the purposes of his broader skeptical case That case need not on Schellenberg's view lead to a dead end but rather functions as a gateway to important new insights about intellectual tasks and religious possibilities

Dictionary Of Atheism Skepticism & Humanism Bill Cooke, 2006 Atheism Anthropocentric conceit Atheism Atheism ethical implications of Cosmic modesty Transcendental temptation Skepticism Critical common sensism Critical receptiveness Fallibilism Inquiry tools of Reliabilism Skepticism Skepticism core principles of Humanism Agathonism Cosmic perspective Eupraxsophy Good life the Humanism foundations of Humanist virtues Moral truisms shared by us all Paideia Value meaning Wide reflective equilibrium

Arguing about Religion Kevin Timpe, 2009 Arguing About Religion is an ideal collection for students interested in contemporary philosophy of religion and related disciplines This volume brings together primary readings from over 40 of the world's leading philosophers of religion covering a broad range of issues Set alongside these works of academic philosophy are excerpts from controversial popular works by Daniel Dennett and Richard Dawkins in order to introduce the philosophical issues in a way that demonstrates their relevance to everyday life and sets them in the context of contemporary cultural discourse The volume is divided into 6 parts helping the student get to grips with classic and core arguments Topics covered include methodological issues in philosophy of religion God's nature and existence evil and divine hiddenness providence and interaction the afterlife religion and contemporary life Featuring lucid general and section introductions and a glossary by volume editor Kevin Timpe Arguing About Religion is an ideal starting point for students coming to philosophy of religion for the first time

Divine Hiddenness And Human Reason Introduction

In today's digital age, the availability of Divine Hiddenness And Human Reason books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Divine Hiddenness And Human Reason books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Divine Hiddenness And Human Reason books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Divine Hiddenness And Human Reason versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Divine Hiddenness And Human Reason books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Divine Hiddenness And Human Reason books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Divine Hiddenness And Human Reason books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Divine Hiddenness And

Human Reason books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Divine Hiddenness And Human Reason books and manuals for download and embark on your journey of knowledge?

FAQs About Divine Hiddenness And Human Reason Books

What is a Divine Hiddenness And Human Reason PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Divine Hiddenness And Human Reason PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Divine Hiddenness And Human Reason PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Divine Hiddenness And Human Reason PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Divine Hiddenness And Human Reason PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out

forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
