Divorce Handbook For California:

The Divorce Handbook for California Women Paul H. Nathan, 2019-01-08 Women faced with divorce require an attorney who can understand what they are facing. Author and attorney Paul H. Nathan has spent his career fighting for the rights of women in divorce cases, helping them achieve the results they deserve. From the Law Offices of Paul H. Nathan comes *The Divorce Handbook for California Women*. This handy guide covers the basics of divorce proceedings in California, including initiating and preparing for divorce, navigating the process both legally and emotionally, acquiring the necessary financial documentation, selecting the right attorney, understanding the details of spousal and child support, anticipating the outcome of a custody battle, presenting oneself in court with dignity, and negotiating the optimal settlement. [Divorce Handbook for California](#) James W. Stewart, 2002 I wrote this to help you survive the dissolution of your marriage without the financial ruin most people face, said Judge Stewart. His wise guidance shows readers how to establish realistic expectations about divorce, find and hire a good attorney, control their attorney's actions and fees, use mediation and/or arbitration effectively, handle child and spousal support, protect children during the difficult times. *California Divorce Handbook* James Webster Stewart, 1993 Written by a practicing superior court family law judge, here is the much-needed guide to help battling couples protect themselves from the exorbitant costs that accompany the no-fault divorce laws. Newly revised and updated, it covers all new laws and reveals why it's so expensive to divorce in California. **Divorce in California** Debra Schoenberg, Jennifer Knops, 2013-06-01 Providing accurate and objective information to help make the right decisions during a divorce in California, this guide provides answers to 360 queries such as: What is the mediation process in California and is it required? How quickly can one get a divorce? Who decides who gets the cars, the pets, and the house? What actions might influence child custody? How are bills divided and paid during the divorce? How much will a divorce cost? and Will a spouse have to pay some or all attorney fees? Structured in a question and answer format, this divorce handbook provides clear and concise responses to help build confidence and give the peace of mind needed to meet the challenges of a divorce proceeding.

Ending Your Marriage in California Jeffrey L. Hoffer, 2018-09-12 If you are going through a California divorce, this book is for you. *The California Divorce Handbook* does not contain dry legal jargon but concise and straightforward information on how to plan for divorce, how to protect yourself, and how to choose an attorney. It also answers Frequently Asked Questions about the divorce process in California. Do not go without this valuable resource. [The Child Custody Book](#) James W. Stewart, 2000 It is almost always in your children's best interest to settle a case with or without mediation rather than to litigate in court, said Judge Stewart. His book fully, clearly, and concisely explains the process of court child custody litigation. It shows how custody decisions are made, what can be expected at each stage of the process, and how parents can insure that their abilities are clearly presented to persons with influence over the custody decision. It is intended to eliminate surprises that could lead to costly mistakes along the way. Parents who settle custody disputes out of court will not only save tens of

thousands of dollars but will have avoided the rancor and hostility of a custody trial that makes future cooperation in raising the children almost impossible With help from a capable and experienced attorney this book will allow the reader to present her his case for custody in its best possible light A must read for divorcing parents custody evaluators family psychologists and marriage and family therapists *How to File for Divorce in California* David Jon Lee,Edward A. Haman,1998 This book provides a step by step guide for obtaining a divorce in California without a lawyer Learn about alimony child support custody property division simplified procedures what to do if you can t find your spouse emergency procedures and much more Includes excerpts from California Statutes and forms *California Power of Attorney Handbook* John J.
