Divorcio Dificil

André Bellessort

Divorcio Dificil:

Divorcio Dificil (2a ed.) Marla B. Isaacs, Braulio Montalvo, David Abelson, 2009-11-01 Algunos de los matrimonios que se divorcian no protegen a sus hijos del choque provocado por el conflicto entre los adultos y por la desorganización de la vida familiar. A estos llaman los autores divorcios difíciles que no son un fenómeno simple. Pero cualquiera que fuere su manera de manifestarse, los autores guían en su trabajo por estos cuatro principios: 1 la terapia debe centrarse en los esfuerzos en que se han de empeñar el padre y la madre para reorganizar sus relaciones recíprocas y con sus hijos; 2 el bienestar de los hijos debe ser prioritario; 3 la terapia debe tratar las realidades del divorcio y en consecuencia trabajar con subsistemas dentro de la familia por fin; 4 la posibilidad de entrevistar conjuntamente a progenitores hostiles con fines terapéuticos si se controla el encuentro. Este libro expone los caminos en que las parejas suelen naufragar en la travesía del divorcio. Presenta una terapia para asistir a las familias basada en la convicción de que los padres pueden proteger a sus hijos y negociar entre sí pragmáticamente a pesar del trauma que afrontan. Su objetivo es que continúen responsabilizándose por sus hijos. Para ello se ayuda a los miembros de la pareja a mejorar su relación como cónyuges. El terapeuta ayuda a revertir los procesos de abdicación de la responsabilidad parental que suelen percibirse en las familias en vías de separación que incluyen a adolescentes con problemas. Trata de prevenir las reacciones adversas que se observan en estos como fracaso escolar, abuso de drogas, ideas suicidas, embarazo y aborto.

Divorcio difícil y maltrato emocional Francisco Cristino Agudo, 2022-04-18 El divorcio difícil y conflictivo impide la atención adecuada de las necesidades básicas de los menores sobre todo las emocionales que al no ser contempladas en toda su dimensión ni por los padres atrapados en la red de sus sentimientos más negativos y superados por las guerras consecuentes ni por los profesionales de los distintos servicios a veces limitados por la precariedad de recursos o la parcialidad de sus visiones ni por los juzgados intervinientes ineficaces ante situaciones tan complejas se configura una situación de maltrato emocional grave que deviene posteriormente en maltrato institucional. Obligados a intervenir desde un ámbito público exponemos aquí la intervención sistémica que desarrollamos desde los servicios sociales con estas familias y con los menores para rescatarlos del horizonte catastrófico al que están abocados y de camino prevenir la transmisión intergeneracional de los malos tratos. Si consideramos al niño como la parte más vulnerable de la estructura familiar escuchar y recoger su dolor y su sufrimiento que tan fácilmente puede resultar eclipsado nos permite no solo valorar los riesgos o daños que sufren sino que se constituye en el mejor acicate para que los progenitores recuperen las deterioradas capacidades parentales. Pero desarrollar tratamientos adecuados para afrontar la problemática de estas familias requiere de una serie de mejoras sociales entre las que consideramos de vital importancia la articulación operativa de la intervención judicial encaminada a arbitrar y formalizar la ruptura con la intervención familiar encaminada a promover una sana coparentalidad sin olvidar la formación de los distintos operadores y la optimización de los procesos de coordinación.

Divorcio difícil Marla Beth Isaacs, Braulio Montalvo, David Abelson, 1988 Este libro expone los

caminos en que las parejas suelen naufragar en la travesía del divorcio. Presenta una terapia para asistir a las familias basada en la convicción de que los padres pueden proteger a sus hijos y negociar entre sí pragmáticamente a pesar del trauma que afrontan. Su objetivo es que continúen responsabilizándose por sus hijos. Para ello se ayuda a los miembros de la pareja a mejorar su relación como progenitores contraponiéndola a su relación como cónyuges. El terapeuta ayuda a revertir los procesos de abdicación de la responsabilidad parental que suelen percibirse en las familias en vías de separación que incluyen adolescentes con problemas. Trata de prevenir las reacciones adversas que se observan en estos como fracaso escolar, abuso de drogas, ideas suicidas, embarazo y aborto.
