Disney High Ashley Spencer, 2024-09-24 The first unauthorized look at the inner workings and ultimate breakdown of the Disney Channel machine For many kids growing up in the 2000s there was no cultural touchstone more powerful than Disney Channel the most watched cable channel in primetime at its peak Today it might best be known for introducing the world to talents like Hilary Duff Raven Symon Zac Efron Miley Cyrus Selena Gomez the Jonas Brothers Demi Lovato and Zendaya It wasn t always destined for greatness when The Disney Channel launched in 1983 it was a forgotten stepchild

within the Walt Disney Company forever in the shadow of Disney's more profitable movies and theme parks. But after letting the stars of their Mickey Mouse Club revival among them Britney Spears, Justin Timberlake, Christina Aguilera, and Ryan Gosling slip through their fingers, Disney Channel reinvented itself as a powerhouse tween network. In the new millennium it churned out billions of dollars in original content and triple threat stars whose careers were almost entirely controlled by the corporation. Suddenly everyone wanted a piece of the pie and there were constant clashes between the studio network labels and creatives as Disney Channel became a pressure cooker of perfection for its stars. From private feuds and on set disasters to fanfare that swept the nation and the realities of child stardom culture, journalist Ashley Spencer offers the inside story of the heyday of TV's House of Mouse featuring hundreds of exclusive new interviews with former Disney executives, creatives, and celebrities to explore the highs, lows, and everything in between.

The Glocalization of Shanghai Disneyland Ni-Chen Sung, 2021-04-11 Focusing on Disney's production of Shanghai Disneyland, this book examines how the Chinese state and the local market influence Disney's ownership and production of the identities and the representations of Shanghai Disneyland. Qualitative methods are here applied to combine both primary and secondary data including document analysis, participant observation, and in depth interviews. Shanghai Disneyland is purposely created to be different from the other Disneylands under the authentically Disney and distinctly Chinese mandate. In order to survive and thrive in China, Disney carefully constructs Shanghai Disneyland as Disneyland with Chinese characteristics. Previous studies tend to link Disney with cultural imperialism; however, this book argues that it is not imperialism but glocalization that promotes a global company's interests in China. In particular, the findings suggest state capital led glocalization, glocalization led by economic capital of the state, direct investment and economic capital with the state market potential. Furthermore, the four categories of glocalization with different conditions, considerations, and consequences illustrate various global local dynamics in the process of a global formation of locality. *The Glocalization of Shanghai Disneyland* will appeal to students and scholars of sociology, communication studies, business studies, and Asian studies more broadly.
