Disneys First Year 2003:

Disney's First Year Fern L. Mamberg, 2003 **Disney Declassified** Aaron H. Goldberg, 2016-01-13 Welcome to the world of Disney Declassified a REAL look at some of the situations that play out in their theme parks their corporate boardroom and all too often a courtroom Some of the situations are heartbreaking others are head scratching and all of them are tales Disney would rather you not hear Walt Disney the company bearing his name and their theme parks have been analyzed and chronicled almost ad nauseam The word Disney conjures up different feelings for different people For many The Walt Disney Company stands for all things wholesome family centric moral and entertaining but every now and then scandalous and salacious behavior seeps into the utopian world of Disney Disney Declassified isn't about the analysis of the Disney Company at a deep or philosophical level actually it's quite the contrary it's a collection of true stories with Disney being the setting or the catalyst in situations that are very un-Disney like In some of these instances not every Disney story ends happily ever after The shocking time a baby was born and abandoned in a Magic Kingdom toilet When an eight year old girl was randomly shot in the back while riding aboard the Disneyland Railroad The controversial story of a handicapped woman having her Disneyland annual pass suspended for speeding and running into other guests with her motorized scooter What do a priest accused of molesting multiple children and the founder of a Ponzi scheme have in common They both fled their situations and went to work at Walt Disney World The role a former Nazi SS member played in the construction of Walt Disney World Two hostage situations at Walt Disney World with one at EPCOT tragically ending in suicide How a peeping Tom set up an elaborate system to spy on female cast members as they changed for work inside of Cinderella's Castle Ever hear of something called Sphinctering If you were one of the unlucky guys working for the fire company on Walt Disney World property you may have been subjected to this form of male on male sexual harassment Find out how the public helped to identify and track down a despicable child pornographer based on the Disney resort in the background images the police released from his reprehensible videos The Disney docket doesn't end with cases of ride accidents sex crimes death and violence There are multiple stories of people faking cancer to score a free trip to Walt Disney World interesting copyright infringement and Americans with Disability Act lawsuits and a touching story how a young boy with autism utilizes Disney characters to communicate with his family However you feel about Disney lover or hater explore these stories and many more when the real world collides with Disney and their world Chances are you may never view Disney the same way again

Disney High Ashley Spencer, 2024-09-24 The first unauthorized look at the inner workings and ultimate breakdown of the Disney Channel machine For many kids growing up in the 2000s there was no cultural touchstone more powerful than Disney Channel the most watched cable channel in primetime at its peak Today it might best be known for introducing the world to talents like Hilary Duff Raven Symon Zac Efron Miley Cyrus Selena Gomez the Jonas Brothers Demi Lovato and Zendaya It wasn't always destined for greatness when The Disney Channel launched in 1983 it was a forgotten stepchild

within the Walt Disney Company forever in the shadow of Disney's more profitable movies and theme parks. But after letting the stars of their Mickey Mouse Club revival among them Britney Spears, Justin Timberlake, Christina Aguilera, and Ryan Gosling slip through their fingers, Disney Channel reinvented itself as a powerhouse tween network. In the new millennium it churned out billions of dollars in original content and triple threat stars whose careers were almost entirely controlled by the corporation. Suddenly everyone wanted a piece of the pie and there were constant clashes between the studio network labels and creatives as Disney Channel became a pressure cooker of perfection for its stars. From private feuds and on set disasters to fanfare that swept the nation and the realities of child stardom culture, journalist Ashley Spencer offers the inside story of the heyday of TV's House of Mouse featuring hundreds of exclusive new interviews with former Disney executives, creatives, and celebrities to explore the highs, lows, and everything in between. Film-Induced Tourism Sue Beeton, 2005-05-17 Film induced tourism has the potential to revitalise flagging regional rural communities and increase tourism to urban centres however it carries with it its own unique problems. This publication explores such elements delving into the disciplines of sociology and psychology along with the fields of destination marketing, community development and strategic planning.

Contested Kingdom William McCarthy, 2024-11-20 In *Contested Kingdom: Fan Attachment and Corporate Control at Disneyland* William McCarthy presents a groundbreaking study centered on the history of Disneyland and Disney theme park enthusiasts. Focusing on two unexplored yet interconnected phenomena, the dynamic relationship between the Disney corporation and Southern Californian fans in both online and physical park settings over a span of more than three decades, this volume sheds new light on the meaning and purpose of Disneyland. Through a comprehensive analysis of the interwoven dimensions of individuals' place and cognitive, affective, and behavioral processes, McCarthy explores the fervent sense of place attachment experienced by the approximately one million annual passholders who visit the park. McCarthy's analysis extends beyond the physical world of Disneyland by delving into the evolution of Disney fandom, discourse, commerce, and social formations in online social platforms like Usenet, web discussion boards, and social media. By employing a mixed methods approach incorporating interviews, participant observation, surveys, and data analysis, this study establishes a novel analytical framework for comprehending the interrelationships between the Disney corporation, its fan communities, and online social platforms. As the first in-depth longitudinal analysis of the ongoing struggle on successive social platforms between fan users and a corporate entity, *Contested Kingdom* provides valuable insights for scholars and future investigations. *Disney Voice Actors* Thomas S.
