Dissent George S. Swope,1972 **Dissent--The Dynamic of Democracy [By] George S. Swope** George S. Swope,1972 **Dissent and the Dynamics of Cultural Change** Matthew Pifer,2019-11-08 Dissent and the Dynamics of Cultural Change Lessons from the Underground Presses of the Late Sixties examines alternative presses critique of culture at a time of infamous transformation and revolution in the United States In this new study author Matthew Pifer seeks to delineate the structure of dissent to better understand how cultural change is realized and explores the relationships between the public and those cultural institutions that define the values and social norms that shaped daily life **The Dynamics of Peaceful and Violent Protests in Hong Kong** Sonny Shiu-Hing Lo,Steven Chung-Fun Hung,Jeff Hai-Chi Loo,2020-09-29 This book shows that Hong Kong s protests from June to December 2019 originated from not only an attempt to extradite a Hong Kong man involved in a Taiwan murder case but also China s effort at extraditing corrupt mainlanders who laundered dirty money in the territory The mixture of peaceful and violent protests was due to the snowballing effect of protestors police confrontations the imbalanced way in which police exercised their power and protestors strategies The protests triggered the national security concerns of Beijing which mobilized the People s Armed Police to Shenzhen as a warning rather than sending them openly to Hong Kong to avoid undermining the image of one country two systems The entire debate raised the concerns of Washington Taiwan and foreign governments heightening Beijing s sensitivity After the bill was withdrawn the anti extradition movement has become anti police and anti mainland constantly challenging the legitimacy of the Hong Kong government and Beijing This is a valuable read for China watchers political scientists and all those interested in the future of East Asia **Participatory Design Theory** Oswald Devisch,Liesbeth Huybrechts,Roel De Ridder,2018-10-03 In recent years many countries all over Europe have witnessed a demand for a more direct form of democracy ranging from improved clarity of information to being directly involved in decision making procedures Increasingly governments are putting citizen participation at the centre of their policy objectives striving for more transparency to engage and empower local individuals and communities to collaborate on public projects and to encourage self organization This book explores the role of participatory design in keeping these participatory processes public It addresses four specific lines of enquiry how can the use and or development of technologies and social media help to diversify to coproduce to interrupt and to document democratic design experiments Aimed at researchers and academics in the fields of urban planning and participatory design this book includes contributions from a range of experts across Europe including the UK Belgium the Netherlands Italy Denmark Austria Spain France Romania Hungary and Finland **Conflict, Mediated Message, and Group Dynamics** Stephen M. Croucher,Barbara Lewandowska-Tomaszczyk,Paul A. Wilson,2017-11-06 Conflict Mediated Message and Group Dynamics Intersections of Communication establishes a framework to explore the ways emotions enter a conflict scenario and investigate their role as either causes or consequences of conflict

This edited collection's chapters shed light on the questions of the extent to which context on the one hand and culture related dimensions on the other are conducive to conflict dynamicity and management either by calming emotions and conflict or by increasing their severity

Reliable School Leadership Jeff Swensson, Lynn Lehman, 2021-04-01 Trapped between an encroaching tide of privatization and a rocky theoretical shore educational leadership in America's public schools is ardently researched and professionally practiced but frequently besmirched and poorly understood Despite the intentions of public educators to engage all students with the original power of education disconnections caused by mandates ideologies and theoretical fuzziness render educational leadership unreliable The capacities necessary for school leadership to function reliably on behalf of all students are well within the grasp of present day public educators But the action or agency sufficient to enacting educational leadership reliably is on hold Educational leadership throughout US public schools is submarined when disconnections and ideological misdirection impede the primary purpose and the moral obligation of public education To fulfill the promises of public education and restore the intentions of educational leadership requires that educators policymakers and proponents of US public education reimagine the interconnections that yield the primary purpose and moral obligation of public education Functional educational leadership is examined throughout this book as the agency necessary and sufficient for public education to discard the forces and factors that impose unreliability
