Distorted Truth:

Worldview Theory, Whiteness, and the Future of Evangelical Faith Jacob Alan Cook, 2021-09-28 The twenty first century has seen energy passing between religious and political worldviews kicking up dust around the identity and conviction based fault lines in American society While many evangelical Christians have developed and deployed a worldview theory to describe and locate themselves within the world s ideological strife Jacob Cook argues this approach has in effect compelled those listening to adopt the world s divisive modes of dealing with difference rather than living out a compelling alternative As a popular framework for theology in recent history world viewing has driven its white evangelical adherents to narrate human lives in this world including their own in ways that warp Christian identity as a personal social and theological reality Through close studies of key white evangelical leaders who utilized the worldview concept for political engagement and cultural transformation over the last century Cook reveals why worldview theory is inept for grasping real human complexity and moreover how it forms a barrier to genuine life together as creatures in a world only the living God can really view In between these studies he draws from current conversations in psychology sociology critical race studies and other fields to deliver a vigorous critique of the worldview concept and its use as well as its underlying impulse and to unmask what world viewing shares with the history and spirit of whiteness This book is for those wrestling with the relationship between Christianity and whiteness in America how the dynamics of whiteness have become transparent and thus contentions and where to go from here if one is to follow Jesus

Searle and Foucault on Truth C. G. Prado, 2006 This book compares John Searle and Michel Foucault s radically opposed views on truth in order to demonstrate the need for invigorating cross fertilization between the analytic and Continental philosophical traditions By pressing beyond familiar clichés about analytic philosophy and postmodernism a surprising convergence of Searle and Foucault s thought on truth emerge Prado rebuts the analytic impression of Michel Foucault as a radical relativist and shows that Foucault not only is a realist but also is much closer than many imagine to John Searle and Donald Davidson both model analytic thinkers

Truths and Untruths Clergyman, Robert Norton, 1876

The Government of Self and Others M. Foucault, Arnold I. Davidson, Graham Burchell, 2010-04-14 An exciting and highly original examination of the practices of truth telling and speaking out freely parrisia in ancient Greek tragedy and philosophy Foucault discusses the difficult and changing practices of truth telling in ancient democracies and tyrannies and offers a new perspective on the specific relationship of philosophy to politics

The Government of Self and Others Michel Foucault, 2011-04-26 This lecture given by Michel Foucault at the Collège de France launches an inquiry into the notion of parrhesia and continues his rereading of ancient philosophy Through the study of this notion of truth telling of speaking out freely Foucault re-examines Greek citizenship showing how the courage of the truth forms the forgotten ethical basis of Athenian democracy The figure of the philosopher king the condemnation of writing and Socrates rejection of political involvement are some of the many topics of ancient philosophy
