### Chapter 1 Daisy s World

In the middle of the ocean where the sun s loving touch makes the water dance with blue and green colors there is a world that is so full of life and color that it seems almost magical Daisy lives in a beautiful coral reef in the middle of the ocean The reef is full of color and life Daisy a fish lives in this beautiful place That woman is beautiful Her long flowing hair changes colors like the ocean from bright turquoise in the tropics to deep blue at midnight Her tail is covered in scales that shine like gems under the water and make it easy for her to swim around her underwater home Daisy s eyes are wide and shocked and they sparkle with a thousand questions that haven t been answered yet The coral house she lives in is beautiful but she doesn t want to stay inside Instead her goal is to explore uncharted territory like the huge area of deep sea beyond her home She feels like the ocean is calling her to learn more about it and be amazed by its beauty Daisy imagines herself discovering underwater city ruins that have been forgotten for a long time and swimming among old shipwrecks where the cold salt water has kept the wood frames in good shape Her heart beats fast when she thinks about the riches that might be hidden in these places Maybe there are beautiful diamonds from pirate treasure or items from civilizations long ago buried under the water Daisy s thoughts are always creative She sees herself swimming across the water her sharp eyes on the ground for clues and paths that lead to riches she doesn t know about She wants to see every part of the huge ocean because she loves the thrill of finding new things However Daisy s world has more chances for adventures Everything that lives here has a story to tell from the tiny fish racing through the coral to the huge whales singing sad songs deep in the ocean Daisy loves listening to the old sea turtles tell stories about when the ocean was very different from now Their words are full of life wise advice She is amazed by how complicated the jellyfish s dances are and how their clear bodies shine in the dark water like magic Daisy is deeply grateful for the life that the water provides and her love for it goes beyond her desire for excitement As she goes on her trips she knows that the coral reef with its many colors and shapes

is a live breathing habitat that is home to many different kinds of animals Daisy wants to keep this underwater paradise safe because she sees herself as its guardian Even though coral seems to be very beautiful she knows how fragile it is and wants to find ways to protect it for future generations Daisy promised the ocean in her heart that she would respect and be amazed by its depths keep its secrets safe and protect its wealth Her bravery and lack of fear along with her kindness and intelligence show the magic that lies beneath the ocean s surface In Daisy s world the ocean is a big living thing that welcomes brave souls who are willing to explore its depths with open minds and hearts It also serves as a warning of how all living things are linked Daisy lives in a world where there are a million different things that can happen and is full of wonder Every wave tells a story and every splash makes a sound In the middle of the ocean there is not only a healthy coral reef but also a doorway to adventure This is the spot where travel and finding dreams come true Daisy is the magic that lives in the depths of the ocean She is a lighthouse in the darkness of the ocean calling us all to dive below the surface and discover the wonders that lie beneath She is naturally curious and likes to try new things Chapter 2 The Mysterious Chart Daisy who loves to explore found an old shipwreck on the sandy ocean floor half buried and abandoned This happened during one of her normal investigations on a normal day This shipwreck wasn t like any other it was a ghost ship from a long time ago that had sailed the great seas above The years have worn down and weathered its wood telling stories of adventures that have yet to be found and riches that have been lost to time Daisy s eyes which were full of wonder and curiosity looked around the dark room and saw something that didn t look right A strange chart was hidden in a corner out of reach of fish and the strong waves Daisy had never seen a map like this before It was made of a material that had for some reason stood the test of time The ends were frayed and worn showing that time had passed The shape of an underwater metropolis could still be seen in the faded but still clear ink Daisy had never met any fish mermaids or other aquatic animals that had been to this city There were patterns and symbols all over this city that looked like beautiful buildings and tall towers tucked away by the blue sea Daisy felt a level of excitement she had never felt before when she thought about that place where time had stopped and no one could see it Our young mermaid explorer felt like the map was more than just a piece of paper It talked about a land that time seemed to have forgotten a past that no one knew and dark secrets Daisy knew that this map was different because it had secrets buried in the sand and waves It was exciting to think that she might find this hidden city and go somewhere or swim that no one had been in thousands of years Daisy saw the map and knew this trip would not be easy Along the way to the underwater city there were signs that warned of risks and obstacles that were coming There were places marked with symbols that made it look like mysterious guardians were watching over the passage as well as narrow paths that wound through dark caves and huge gaps that had to be passed She might have been scared or nervous but the thought of finding something new and learning more about the river s past made those feelings less important Daisy was ready to go on a trip and was determined to follow the map and find out what it meant She knew that she would need all of her bravery and

creativity for the journey ahead The map became her most valuable thing because it held so many mysterious secrets and old misspelled words There was a puzzle that begged to be solved and a mystery that called her in Daisy looked at the map every night when bioluminescent plants gave it a soft glow trying to figure out what the symbols meant and plan her route There were secrets she didn't know about stories about the people who lived there and treasures she thought were hidden Daisy used this plan to start a new part of her life and get to a certain place It stood for the unknown and the chance of finding something truly amazing buried deep below the waves Daisy loved the idea of standing or flying among the ruins of the underwater city and experiencing its history and beauty for herself She saw herself as a link between the past and the present who could bring the story of the underwater city to the world above
