Divine Engineering Scriptural Accounts And Scientific Truths About The Earths Creation Are Compati:

Divine Engineering David N. Brems, 2003 Dr Brems shows the amazing similarities between the revealed word of God and recently discovered scientific truths the book gives readers an expanded appreciation for the Earth and how it was created the book includes a careful analysis of the books of Genesis Moses and Abraham comparing the scriptural accounts Did you know that modern scientific discoveries such as the Big Bang dinosaurs and the ancient age of the earth testify of a God directed creation of the earth Members of the Church of Jesus Christ of Latter day Saints have additional revelations from God that shed additional light on the Creation the author has identified unique and amazing similarities between the revealed word of God and the truths discovered in the laboratory the scriptural accounts provide evidence that the Creation was carefully planned and organized by the Council of Gods was a gradual step by step process took billions of years to complete utilized the natural laws and principles of chemistry and physics the creation process deduced from science is shown to be perfectly consistent with the scriptural description After reading Divine Engineering you will have a new and expanded appreciation for the process that God utilized to create the earth and its inhabitants The Firmament of the Sky Dome Leander R. Pimenta, 2012-04 Starting with the explosion debris left behind after the supernova of a star this book gives a detailed account of the formation of the Earth and rest of the Solar System With this foundational knowledge many biblical truths concerning our planet can be explained in scientific terms These include the formation only a few thousand years ago of a raised dome of ice over one hemisphere called the Firmament in the Bible the sudden but cyclic changes in sea levels exemplified by Noah s Flood the formation of the supercontinent Pangaea and its recent division into continents the predicted horrific extra terrestrial events of the Great Tribulation and the Great Fire which will all but destroy the Earth This book is based on revelations given in the Bible as well as revelations made possible through the work of scientists over the last few centuries **The Firmament of the Sky Dome** Leander R Pimenta, 2012-06-01 The Firmament of the Sky Dome explores how a supernova explosion of a large star eventually resulted in the formation of planet Earth and the rest of the Solar System as we know it today Knowing how the Earth was created is the key that unlocks the mysteries of many global events that have occurred on our planet in the past and will take place in the near future These include the dramatic events of the first three days of the Genesis 1 account of creation the floodlighting of the entire planet the formation of the solid dome in the sky called the firmament and the emergence of a supercontinent of dry land Other events include Noah s flood which wiped out nearly all land living life the dramatic parting of the Red Sea the breakup of the supercontinent into the present day continents Joshua s long day when the Earth appeared to stop rotating Ahab s sundial which indicated that the Sun had moved backwards in its normal path across the sky the destruction of the cities of Sodom and Gomorrah the extraterrestrial events that are predicted during the Great Tribulation to come the devastation of the Earth by a Great Fire and its subsequent transformation into a paradise with the city of New Jerusalem The book intertwines the verses from the Bible

with scientific truths and gives an entirely new insight for the interpretation of the geology of the Earth The future of the Earth is also predicted the Earth will be devastated by a global natural nuclear explosion that will set it on fire but this will not be the end because it will be subsequently transformed into a wonderful paradise for a new phase of existence for mankind

The Deliberate Design of Destiny Theodore A. Green, 2009-05-06 Ps 71 1 In thee O LORD do I put my trust let me never be put to confusion The Deliberate Design of Destiny incorporates the great and courageous recent works of intelligent design scientists into a workable theory This book answers the Who What When Where Why and How of creation from the Intelligent Design perspective Understand the mystery kept secret since the world began Rom 16 25 The world blunders in confusion because largely the academic and industrial science institutions confuse the origins of human destiny and purpose Their aversion to faith and their exclusion of God confuses their efforts to understand this Mystery kept secret since the world began The Deliberate Design of Destiny explores the reason people society and nations do not comprehend creation's design and purpose and become doomed to confusion and chaos It explains how this ignorance allows the enemy of God to manipulate the world of men unto a destiny of destruction

The Bible Creation Account Michael E B Maher, 2020-03-07 In past generations the topic of creation was theologically not very important and ministers of the gospel could simply gloss over it by teaching the saints that God created everything over six days six thousand years ago The reason bible teachers could do that was because knowledge in the earth was limited and there was no real scientific evidence available to challenge that point of view Today things have changed however and every day more and more scientific evidence is discovered that completely refutes that view of scripture thus highlighting the error of that teaching And so bible teachers that continue to teach such error by not rightly dividing the word of truth about this subject do a disservice to the church and young people in particular because they are the ones confronted with scientific facts and theories that ridicule a literal six day creation account that occurred six thousand years ago Not all scientific theories and facts are correct however and many are demonstrably false but even though a lot that is presented as scientific fact is in actual fact error because the church has not been taught correctly what God's word says on the subject many Christians become confused and some begin to question their faith in God And so this book is written to reconcile legitimate scientific facts and theories with what scripture actually teaches about the subjects of the universe the earth and the origin history of life

The Fourth Day Howard J. Van Till, 1986 Tries to combine the biblical and scientific views of the universe's creation and looks at how perception of the world has changed from biblical times to the present

A New Look at an Old Earth Don Stoner, 1992 If the God who created the universe also inspired the words of the Bible there can be no contradictions between the two Yet the popular Christian teaching that the earth is approximately 10 000 years old disagrees with modern scientific evidence This insightful look at our incredible universe examines the facts of nature and how they compliment biblically sound interpretations of the creation account

The Windows of Heaven Robert M. Rundle, 2016-11-15 Genesis stands at the very

foundation of the Scriptures and yet most believe it is a myth Is the foundation of the Bible solid or shaky If the same God who created the laws of physics is responsible for the revelation of the Bible then shouldn t we expect the Bible to hold up under the most rigorous scrutiny What if some truths in the Scriptures could be more fully appreciated with some knowledge of modern scientific discoveries things the writers of the Bible could know nothing about Wouldn t that be a testimony to the divine nature of scriptural revelation The book of Genesis comes alive in light of modern scientific discoveries The Windows of Heaven Space Time Split Open and the Glory of God Revealed in Scripture A Reconsideration of the Foundations of the Scriptures in Light of Modern Discoveries combines fundamental truths from both science and the Bible and the result is stranger than fiction Learn how openings in space time referred to as wormholes were employed in a series of cosmic scale transport events including the ascension of Christ Noah s flood and others See how the discoveries of science reveal the fingerprints of God particularly regarding living things where the technology of God stares us in the face God s technology at the cell level blows away man s technology Discover the very reason for all of creation and why the Creator wants you to come home to Him
