Pilgrimage of Love Joy Ann McDougall, 2005-10-13 In *Pilgrimage of Love* Joy Ann McDougall offers an original reading and critical analysis of German Protestant theologian Jürgen Moltmann's social trinitarian theology. She identifies the driving theological impulses, methodological convictions, and practical concerns that shape the author's evolving trinitarian vision. She uncovers the narrative of divine love in Moltmann's early trilogy and shows how its conceptual trajectory shifts and deepens in his six-volume *Systematic Contributions to Theology*. Building on her analysis, McDougall advances a compelling case for the concept of trinitarian fellowship as the structuring theological principle in Moltmann's later work. She demonstrates how this concept of divine love unifies the author's theological anthropology, theology of grace, and the practices of the life of faith. Finally, she shows how this social trinitarian analogy of fellowship serves as an elastic rule of faith in the personal, political, and ecclesial realms of human existence. While McDougall highlights the prophetic potential of Moltmann's trinitarian theology for Christian praxis, she also challenges the author's underdeveloped doctrine of sin and theory of theological language. *Pilgrimage of Love* offers one of the first comprehensive interpretations of Moltmann's mature trinitarian theology. It introduces, systematizes, and clarifies the thought of one of the most significant Protestant theologians at the turn of the twenty-first century. This study will be an invaluable resource on Moltmann's thought for scholars of modern Protestant theology and for all those interested in the current renaissance of trinitarian theology. **Ancient**

Passions Raymond Creed, 2020-03-25 *ANCIENT PASSIONS* is a work that boldly assumes humanity is facing an immense global spiritual crisis. It addresses this crisis by offering a well-organised collection of lively exhortations, meditations, poems, prayers, and other creative pieces. These are designed to appeal to Christians of all traditions who are interested in spirituality, bible prophecy, or are concerned about the direction that both the church and society is taking. Written over the course of forty-four years, they attempt to probe the overarching psychological and spiritual passions governing human behaviour in its relationship with God. PART A explores grim themes like sin, judgement, and the rise of anti-Christ. Emphasis is given to God's holiness and His wrath against sin. PART B explores more joyful themes including redemption, forgiveness, revival, and the second coming of Christ. Emphasis is given to God's love and His mercy to sinners. *ANCIENT PASSIONS* challenges, confronts, and comforts people in these perilous times.

Goddesses in World Culture Patricia Monaghan, 2010-12-01 This collection of accessible essays relates the stories of individual goddesses from around the world, exploring their roles in the cultures from which they came, their histories, and status today, and the controversies surrounding them. *Goddesses in World Culture* brings readers the fascinating stories of close to 100 of the world's goddesses, ranging from the immediately recognizable to the obscure. These figures, many of whom derive from ancient cultures and civilizations, serve as points of departure for examining questions that go well beyond the role of women in religion and spirituality, to include social organization, environmental awareness, historical developments, and psychological archetypes. Each volume of this
