## Divining Desire:

Divining Desire Sequoia Thom, 2024-03-25 I want us all to live with our genitals heart and soul in happy harmony Sequoia wrote I offer you my life as an open book *Divining Desire* Sequoia Thom, 2024-03-23 What does sex have to do with God What does God have to do with sex Is sex feeling flat one dimensional leaving you wanting more Is your connection with spirit lacking What if you could connect them together Sequoia Thom M A began grappling with these questions at an early age His strict religious upbringing created a painful internal split between his lustful longing for male love and his equally strong desire to connect with spirit That pain and shame drove him on a life long quest to fathom the depths of both sex and spirit to explore where they may be connected He discovered that libido is like rocket fuel to open the heart and access the spirit After a decade of in depth study of Yoga and Tantra at 35 he began offering Tantra massage and workshops teaching men how to spread the powerful pelvic charge into full body bliss In his deeply personal memoir Sequoia shares all he learned over 50 years on his transformational journey and offers it for your own transformation so that you can free yourself from any residue of sexual guilt or shame deepen your own connection between your sex heart and soul experience deeper love for yourself and others explore sex with human partners as a form of worship of the formless universal Beloved and glimpse the one pure consciousness that we all are at the deepest level I want us all to live with our genitals heart and soul in happy harmony he wrote I offer you my life as an open book Are you ready to connect your own sex and spirit Follow Sequoia s transformational life journey your life will be better because of what you ll discover about you You re in the safest of sensitive hands Sequoia Thom has a healer s touch a poet s vision the multi ringed courage of a mighty first growth tree and an impeccable record for teaching people how to soar from the Foreword by David Mielke **Affective Worlds** John Hughes, 2011 Offers an original approach to a number of nineteenth century authors in terms of what are seen as the constitutive affective dynamics of their work The author also draws on themes of ethical subjectivity in the work of Stanley Cavell and Gilles Deleuze to provide essential reading for those involved in nineteenth century literature Divining Desire Liza Featherstone, 2018-02-15 Over the course of the last century the focus group has become an increasingly vital part of the way companies and politicians sell their products and policies Few areas of life from salad dressing to health care legislation to our favorite TV shows have been left untouched by the questions put to controlled groups about what they do and don t like *Divining Desire* is the first ever popular survey of this rich topic In a lively sweeping history Liza Featherstone traces the surprising roots of the focus group in early twentieth century European socialism its subsequent use by the Mad Men of Madison Avenue and its widespread deployment today She also explores such famous failures of the method as the doomed launch of the Ford Edsel with its vagina shaped radiator grille and the even more ill fated attempt to introduce a new flavor of Coca Cola which prompted street protests from devotees of the old formula As elites have become increasingly detached from the general public they rely ever more on focus groups whether to win votes or to sell products And in a society where

many feel increasingly powerless the focus group has at least offered the illusion that ordinary people will be listened to and that their opinions count Yet it seems the more we are consulted the less power we have That paradox is particularly stark today when everyone can post an opinion on social media our 24 hour focus group yet only plutocrats can shape policy In telling this fascinating story Featherstone raises profound questions about democracy desire and the innermost workings of consumer society     **"Obscure Dread and Intense Desire"** Molly Clark Hillard,2004     The Secret Son Mrs. Henry Dudeney,1915     **Alfred Tennyson** Laurence W. Mazzeno,2020-08-31 Alfred Tennyson was a poet all his life writing more than a thousand works in virtually every poetic genre Considered by his Victorian contemporaries the pre eminent poet of the age he has become a canonical figure who is widely read and studied today Consequently his poems appear on the syllabi of both survey courses in Victorian literature as well as upper division and graduate level topics courses that cover Victorian studies or address subjects such as environmental studies religion elegiac poetry and Arthurian literature This companion makes Tennyson s poetry accessible to contemporary readers by identifying some of the formal elements of the poems highlighting their relevance to Tennyson s Victorian contemporaries and explaining their enduring appeal and value Entries in the companion organized alphabetically provide essential details about Tennyson s most anthologized poems offer suggestions for reading and interpretation and elucidate unfamiliar historical and literary allusions Additional entries a biography of Tennyson and a selected bibliography of recent criticism offer information about the people places events and issues that influenced Tennyson or were important to him and his contemporaries     Divining Desire James W. Hood,2019-12-14 This study examines Tennyson s portrayals of the erotic and creative impulses reading the poet s ubiquitous lover artists as tropes that figure the desire for transcending the state of being human a condition of personal fragmentation and limited knowledge Ostensibly seeking to fulfill erotic wishes construct utopias or create grand artistic works Tennyson s characters engage in a fundamentally spiritual quest yearning to divine desire to eternalize the fulfilment of their deepest wishes Freud revealed how Victorians sublimated sexual desire into religious impulse This book demonstrates however the remarkable way in which Tennyson s poems transact the opposing projection transfiguring spiritual desire into erotic art Brilliantly negotiating a middle ground between scientific skepticism and reactionary religiosity his vastly popular poems suggest that fulfilment of the wish too strong for words to name lies in a sacramentality only as means do art and eros allow transport beyond fragmentation At a deep level the poems conclude that language itself brokers transcendence through its very brokenness     From a Broken Web Catherine Keller,1988-11-09     Interpretation ,1970 A journal of political philosophy     **The Pall Mall Magazine** Lord Frederick Hamilton,Sidney Daryl,George Roland Halkett,Charles Robert Morley,1898     **Pleasura & Realitas** E. L. Stone,1993 This compelling book makes human history come alive by viewing it as the conflict and synthesis of powerful human drives E L Stone s exploration of the forces of human nature at their most dynamic captures the rich texture of social history by demonstrating that society is indeed the individual writ large The

behavior of individuals can be understood in part through the internal struggle between the self involved aggrandizing id and the self conscious controlling ego When extrapolated to the human community history becomes a convulsive power play between what Stone calls pleasura the forces of the passions be they good or evil liberal or reactionary which break away from the status quo and realitas the countervailing desire to fashion order out of chaos and maintain social control through the rule of law History is transformed into a fascinating drama in which these forces vie for ascendancy merge in momentary coexistence and then explode with the fervor of intense commitment Containing both the promise of human self realization and the risk of stagnation if not utter destruction the powerful dialectic described in Pleasura and Realitas will help us understand our past deal with the present and anticipate the future BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **The Pall Mall Magazine** ,1898      **The Divining Hand** Christopher Bird,1993 To dowse says the author of this definitive study of the divining art is to search with the aid of a handheld instrument such as a forked stick or a pendular bob on the end of a string for anything subterranean water flowing in a narrow underground fissure a pool of oil or a vein of mineral ore a buried sewer pipe or electrical cable an airplane downed in a mountain wilderness a disabled ship helplessly adrift in a gale a lost wallet or dog a missing person perhaps a buried treasure Co author of *The Secret Life of Plants* Christopher Bird has filled this book with exciting documented stories most of them illustrated with photographs and diagrams It provides a complete history of the art of dowsing around the world and discusses in detail the various existing theories attempting to explain this extraordinary phenomenon      *Victorian Poetry* ,2009      Tennyson Research Bulletin ,2002      Reflections of Early China Xiaoneng Yang,2000 Yang also introduces the new discovery of a previously unidentified medium that is located in the gray zone between writing and decoration which he calls pictorial inscriptions Further Yang discusses the sources contexts and correlation among the three media BOOK JACKET      **Workshop on Divination and Portent Interpretation in Ancient China** ,1984      **The International Folk-lore Congress of the World's Columbian Exposition, Chicago, July, 1893 ...** Helen Wheeler Bassett,Frederick Starr,1898      **Geological Series** ,1920
