Divinity And Diversity

Divinity And Diversity:

Divinity & Diversity Marjorie Suchocki, 2003 One of today's foremost theologians presents the case for embracing religious pluralism as integral to the Christian gospel. Religious pluralism is a fact in North American society today. More than at any other time, adherents of different religious traditions live and work side by side. Yet the fact of religious pluralism creates a tension for a large number of Christians. At the same time, they have realized that Muslims, Hindus, Buddhists, Jews, and members of many other religious groups have become their neighbors; they are also aware of Christian teachings that seem to exclude these groups. Statements such as "no one comes to the Father except through me" and "outside the church there is no salvation" seem to imply that these new neighbors are not part of the family of God or at least that their religious beliefs and practices are not viable avenues to human wholeness and salvation. In this insightful and irenic work, Marjorie Hewitt Suchocki demonstrates that Christians need not ignore nor even compromise the teachings of the gospel in order to accept and rejoice in religious pluralism. She argues that the Christian doctrines of creation, incarnation, the image of God, and the reign of God make the diversity of religions necessary. Without such diversity, the rich and deep community of humanity that is the goal of the Christian gospel cannot be realized. Along the way, Suchocki rejects the exclusivist claim that there can be no relationship with God apart from the church and the inclusivist idea that Christianity is the highest expression of the search for God, with other religions possessing in part that which Christians possess in full. She argues instead for a pluralist position insisting on a full recognition of the distinctive gifts that all of the religious traditions bring to the human table.

Divinity and Diversity Alexandra Kent, 2005 This book looks closely at the Malaysian following of the contemporary Indian godman Sathya Sai Baba, a neo-Hindu guru famed for his miracle working. The 9/11 attacks on the United States and subsequent war on terrorism have brought a discussion of transnational religious networks onto center stage. While the Sai Baba movement has no militaristic ideology, it may like any other such movement ultimately call into question the sovereignty of the nation-state. Today, then, issues of faith and community are being re-examined in light of global events.

God, Mystery, Diversity Gordon D. Kaufman, 1996-01-01 In this frank and stimulating book, senior theologian Kaufman lays out in brief compass his historicist approach to Christian theology and central Christian mysteries, especially as they impinge on today's radically pluralistic religious and cultural scene and the moral challenges presented globally by it.

Divine Multiplicity Chris Boesel, S. Wesley Ariarajah, 2013-11-11 The essays in this volume ask if and how trinitarian and pluralist discourses can enter into fruitful conversation with one another Can trinitarian conceptions of divine multiplicity open the Christian tradition to more creative and affirming visions of creaturely identities difference and relationality including the specific difference of religious plurality Where might the triadic patterning evident in the Christian theological tradition have always exceeded the boundaries of Christian thought and experience Can this help us to inhabit other religious traditions conceptions of divine and or creaturely reality The volume also interrogates the possibilities of various discourses on pluralism by putting them in a concrete pluralist context and asking to what extent pluralist discourse can collect within itself a convergent diversity of orthodox heterodox postcolonial process poststructuralist liberationist and feminist sensibilities while avoiding irruptions of conflict competition or the logic of mutual exclusion

The Uses of Diversity G. K. Chesterton, 1921 Diversity, 1995 *The Uses of Diversity* Gilbert Keith Chesterton, 1921 *God Loves Diversity and Justice* Susanne Scholz, 2013-05-16 Both personal and scholarly in tone this book encourages readers to think theologically ethically and politically about the statement that declares God loves diversity

and justice The multi religious multi ethnic multi disciplinary and multi gendered identities of the eleven contributors and two respondents deepen the conversation It considers questions such as Do we affirm or challenge this theological statement Do we concentrate on God in our response or do we interrogate what diversity and justice mean in light of God s love for diversity and justice Alternatively do we prefer to ponder the verb to love and consider what it might mean for society if people really believed in a divinity loving diversity and justice Of course there are no easy and simple answers whether we consult the Sikh scriptures the Bible the Qur an the movies the Declaration of Human Rights or the transgender movement but the effort is worthwhile The result is a serious historical literary cultural and religious discourse that fends against intellectually rigid thought and simplistic belief systems across the religious spectrum In our world in which so much military unrest and violence economic inequities and religious strife prevail such a conversation nurtures theological ethical and political possibilities of inclusion and justice Christianity and Religious Diversity Harold A. Netland,2015-05-12 This book explores how religions have changed in a globalized world and how Christianity is unique among them Harold Netland an expert in philosophical aspects of religion and pluralism offers a fresh analysis of religion in today s globalizing world He challenges misunderstandings of the concept of religion itself and shows how particular religious traditions such as Buddhism undergo significant change with modernization and globalization Netland then responds to issues concerning the plausibility of Christian commitments to Jesus Christ and the unique truth of the Christian gospel in light of religious diversity The book concludes with basic principles for living as Christ s disciples in religiously diverse contexts *Library of St. Francis de Sales ... saint François de Sales,1884** *The Experience of Religious Diversity* John Hick,Hasan Askari,1985
