Jianjun Gao

Quick Hybrid Work Schedule For Beginners For Us Audience:

The Joke Is on Us Julie A. Webber, 2018-12-11 This edited volume brings together scholars of comedy to assess how political comedy encounters neoliberal themes in contemporary media Central to this task is the notion of genre under neoliberal conditions where market logics motivate most actions genre becomes mixed Once stable discreet categories such as comedy horror drama and news and entertainment have become blurred so as to be indistinguishable The classic modern paradigm of comedy tragedy no longer holds if it ever did Moreover as politics becomes more economic and less moral or normative under neoliberalism we are able to see new resistance to comedic genres that support neoliberal strategies to hide racial and gender injustice such as unlaughter ambiguity and anti comedy There is also an increasing interest with comedy as a form of entertainment on the political right following both Brexit in the UK and the election of Trump in the U S Several essays confront this conservative comedy and place it in context of the larger humor history of these debates over free speech and political correctness For comedians too entry into popular media now follows the familiar neoliberal script of the celebration of self help with the increasing admonishment of those who fail to win in market terms Laughter plays an important role in shaming and valorizing often at the same time the precarious subject in the aftermath of global recession Doubling down on austerity self help policies and equivocation in the face of extremist challenges right and left politics foils the critical comedian's attempt to satirize and parody its object Characterized by ambiguity mixed genre and the increasing use of anti humor political comedy mirrors the social and political world it mocks parodies and celebrates often with lackluster results suggesting that the joke might be on us as audiences
