**Timothy Harper**

## **Quick Ugc Creator Tips Tips For Freelance Writers:**

*Authors, Users, and Pirates* James Meese, 2023-10-31 An examination of subjectivity in copyright law analyzing authors users and pirates through a relational framework In current debates over copyright law the author the user and the pirate are almost always invoked Some in the creative industries call for more legal protection for authors activists and academics promote user rights and user generated content and online pirates openly challenge the strict enforcement of copyright law In this book James Meese offers a new way to think about these three central subjects of copyright law proposing a relational framework that encompasses all three Meese views authors users and pirates as interconnected subjects analyzing them as a relational triad He argues that addressing the relationships among the three subjects will shed light on how the key conceptual underpinnings of copyright law are justified in practice Meese presents a series of historical and contemporary examples from nineteenth century cases of book abridgement to recent controversies over the reuse of Instagram photos He not only considers the author user and pirate in terms of copyright law but also explores the experiential element of subjectivity how people understand and construct their own subjectivity in relation to these three subject positions Meese maps the emergence of the author user and pirate over the first two centuries of copyright s existence describes how regulation and technological limitations turned people from creators to consumers considers relational authorship explores practices in sampling music licensing and contemporary art examines provisions in copyright law for user generated content and reimagines the pirate as an innovator

*Online Journalism* Steve Hill, Paul Lashmar, 2013-12-10 An essential guide for anyone hungry to learn how journalism should be practised today and will be tomorrow Hill and Lashmar encapsulate the transformative impact technology is having on journalism but anchor those changes in the basic principles of reporting Paul Lewis The Guardian As the news business transforms Online Journalism is a fantastic new resource for both students and lecturers Informative straightforward and easily digested it s a one stop shop for the skills knowledge principles and mindset required for journalistic success in the digital age Mary Braid Kingston University Online and social media have become indispensable tools for journalists but you still have to know how to find and tell a great story To be a journalist today you must have not only the practical skills to work with new technologies but also the understanding of how and why journalism has changed Combining theory and practice Online Journalism The Essential Guide will take you through the classic skills of investigating writing and reporting as you master the new environments of mobile on demand social participatory and entrepreneurial journalism You will also develop must have skills in app development for smartphones and tablets as well as techniques in podcast blog and news website production What this book does for you Tips and advice from leading industry experts in their own words QR codes throughout the book to take you straight to multimedia links A fully up to date companion website loaded with teaching resources detailed careers advice and industry insights Exercises to help you hone your skills Top five guided reading list for each topic so you can take it further Perfect for students throughout a journalism
