Holding It Together Jessica Calarco, 2024-06-04 Other countries have social safety nets The U S has women Holding It Together chronicles the causes and dire consequences America runs on women women who are tasked with holding society together at the seams and fixing it when things fall apart In this tour de force acclaimed Sociologist Jessica Calarco lays bare

the devastating consequences of our status quo Holding It Together draws on five years of research in which Calarco surveyed over 4000 parents and conducted more than 400 hours of interviews with women who bear the brunt of our broken system A widowed single mother struggles to patch together meager public benefits while working three jobs an aunt is pushed into caring for her niece and nephew at age fifteen once their family is shattered by the opioid epidemic a daughter becomes the backstop caregiver for her mother her husband and her child because of the perceived flexibility of her job a well to do couple grapples with the moral dilemma of leaning on overworked underpaid childcare providers to achieve their egalitarian ideals Stories of grief and guilt abound Yet they are more than individual tragedies Tracing present day policies back to their roots Calarco reveals a systematic agreement to dismantle our country s social safety net and persuade citizens to accept precarity while women bear the brunt She leads us to see women s labor as the reason we ve gone so long without the support systems that our peer nations take for granted and how women s work maintains the illusion that we don t need a net Weaving eye opening original research with revelatory sociological narrative Holding It Together is a bold call to demand the institutional change that each of us deserves and a warning about the perils of living without it Workforce,1992 **The Fast Track to the Top Jobs in Computer Careers** Peter Muller,1983 Industrial Engineering and the Engineering Digest ,1915 **Industrial Engineering and the Engineering Digest** Robert Thurston Kent,Charles MacCaughey Sames,1915 Transit Journal ,1924 **Electric Railway Journal** ,1924 **The Street Railway Journal** ,1924 **Public Works** ,1960 **Steel and Iron** ,1915 National Painters Magazine ,1915 **The Software Encyclopedia 2001** ,2001 **The Nation** ,1923 **CIO.** ,2008-04 **Proceedings of the Fourth World Conference on Engineering Education** E.
