The Fulfilling Workplace Ronald J. Burke, 2016-03-09 It is very easy for organizations to ignore or overlook the impact of social and commercial change of increased pressure to deliver profit above all else and of transformation in the ways in which we are now working on the mental health and consequently the performance of their employees. And yet there is plenty of evidence that in many workplaces performance is down, stress is up, and professional employees are struggling to balance their home and work lives. This collection while looking at individuals places the spotlight on organizational initiatives to support the development of attitudes, values, character, and behaviors in employees. The aim of these initiatives is to increase our resilience to those experiences and events which impact on performance. There is a particular focus on managerial and professional jobs where employee discretion and commitment are critical. The Fulfilling Workplace extends the themes developed in early titles in the Psychological and Behavioral Aspects of Risk Series deeper into organizations to explore the organization's role in coming to grips both with human frailties and toxic workplaces both destructive to individual and organizational health. **Leading Effective Virtual Teams** Nancy M. Settle-Murphy, 2012-12-13 A proliferation of new technologies has lulled many into thinking that we actually have to think less about how we communicate. Written as a series of bulleted tips drawn from client experiences and best practices. *Leading Effective* *The Big Book of Team Coaching Games: Quick, Effective Activities to Energize, Motivate, and Guide Your Team to Success* Mary Scannell, Mike Mulvihill, Joanne Schlosser, 2013-07-17 The fun and effective way to boost engagement and productivity.
