Handbook of Research on Remote Work and Worker Well-Being in the Post-COVID-19 Era Wheatley, Daniel,Hardill, Irene,Buglass, Sarah,2021-04-16 With the introduction of policies to combat COVID 19 far greater numbers of employees across the globe including those with limited job autonomy have moved to undertake their entire job at home Although challenging in the current climate embracing these flexible modes of work such as working at home including relevant investment in technology to enable this will not only deliver potential organizational benefits but also increase the adaptability of the labor market in the short and longer terms Although perhaps not the central concern of many in the current climate good home based work is achievable and perhaps even a solution to the current work based dilemma created by COVID 19 and should be a common goal for individuals organizations and society Research also has shifted to focus on the routines of workers organizational performance and well being of companies and their employees along with reflections on the ways in which these developments may influence and alter the nature of paid work into the post COVID 19 era The Handbook of Research on Remote Work and Worker Well Being in the Post COVID 19 Era focuses on the rapid expansion of remote working in response to the global COVID 19 pandemic and the impacts it has had on both employees and businesses The content of the book progresses understanding and raises awareness of the benefits and challenges faced by large scale movements to remote working considering the wide array of different ways in which the large scale movement to remote working is impacting working lives and the economy This book covers how different fields of work are responding and implementing remote work along with providing a presentation of how work occurs in digital spaces and the impacts on different topics such as gender dynamics and virtual togetherness It is an ideal reference book for HR professionals business managers executives entrepreneurs policymakers researchers students practitioners academicians and business professionals interested in the latest research on remote working and its impacts [A New City O/S](#) Stephen Goldsmith,Neil Kleiman,2017-11-28 Proposing an entirely new governance model to unleash innovation throughout local government At a time when trust is dropping precipitously and American government at the national level has fallen into a state of long term partisan based gridlock local government can still be effective indeed more effective and even more responsive to the needs of its citizens Based on decades of direct experience and years studying successful models around the world the authors of this intriguing book propose a new operating system O S for cities Former mayor and Harvard professor Stephen Goldsmith and New York University professor Neil Kleiman suggest building on the giant leaps that have been made in technology social engagement and big data Calling their approach distributed governance Goldsmith and Kleiman offer a model that allows public officials to mobilize new resources surface ideas from unconventional sources and arm employees with the information they need to become pre emptive problem solvers This book highlights lessons from the many innovations taking place in today s cities to show how a new O S can create systemic transformation For students of government A New City O S

The Power of Distributed Governance presents a groundbreaking strategy for rethinking the governance of cities marking an important evolution of the current bureaucratic authority based model dating from the 1920s More important the book is designed for practitioners starting with public sector executives managers and frontline workers By weaving real life examples into a coherent model the authors have created a step by step guide for all those who would put the needs of citizens front and center Nothing will do more to restore trust in government than solutions that work A New City O S The Power of Distributed Governance puts those solutions within reach of those public officials responsible for their delivery
