Duquaine-Watson, 2017-05-31 In Mothering by Degrees I show how single mothers who pursue college degrees in early 21st century America must navigate a difficult course as they attempt to reconcile their identities as single mothers college students and in many cases employees As they combine these multiple and often competing roles and responsibilities they must also negotiate a balance between cultural ideals of motherhood and their own definitions of what it means to be a good mother particularly as those ideals and definitions are shaped within context of post welfare reform America and the post secondary institutions they attend By comparing the experiences of nearly 100 single mother college students attending three postsecondary education institutions in the United States I illustrate how these women navigate the various obstacles they encounter especially obstacles related to financial concerns child care time constraints and the chilly climate of higher education In addition I demonstrate that the women regard postsecondary education not only as a means of escaping poverty but also as an extension of their mothering work something they do to help ensure the long term health and well being of their children Thus this project provides a situated comparative account of the experiences of single mothers who are college students in order to foster a better understanding of the complex ideologies and social structures that influence the life

choices and education experiences of members of this important but understudied student population Finally the project discusses policies and programs that can help provide better support to single mother and may diminish the challenges they face as they endeavor to complete their education **The Working Mom** Vicki Broadbent, 2020-10-27 Chosen by the Independent as one of the 10 best business books written by women Vicki is one inspirational mumboss who shares her secrets to juggling a thriving business with raising a family in this entertaining and empowering read Una Healy Ideal for going back to work without losing your mind a no nonsense guide to navigating the transition Marie Claire If ever there is a person who has shown just how successful you can be online whilst also being an amazing parent it is Vicki Read learn and follow A brilliant book from an inspirational mother Natasha Courtenay Smith author of The Million Dollar Blog In The Working Mom Vicki Psarias founder of HonestMum com shares her manifesto for surviving and thriving at work and at home Vicki writes about everything from juggling work and family to regaining your confidence after having a baby and battling imposter syndrome An award winning blogger and vlogger in this book Vicki shares how to turn your passions into a business that suits the modern mum s lifestyle The Working Mom is full of practical advice tips and tricks to help fellow mumbosses build their own business or return to work while creating a personal brand and learning how to market yourself Vicki s funny fresh approach to life and work as a mum has brought her a loyal fanbase and a brilliantly successful business her blog Honest Mum is one of the UK s most popular parenting and lifestyle sites and the blog combined with Vicki s social channels has an average monthly reach of 1 million A Lean In for the blogging and vlogging generation The Working Mom is an essential book for all parents whether they are returning to work or looking to start a new career as well as anyone looking to build their brand or business online A must read for the modern Mum particularly one who has aspirations to build her own business I wish I had been able to read it three years ago Katie Massie Taylor Co Founder Mush Running Book Discussion Groups Lauren Zina John, 2006 Oprah The Today Show Live With Regis and Kelly Their book clubs attract millions and send hordes of readers to the library Your library may not be able to hold millions but there s no reason your discussion group can t be every bit as popular and appreciated as those on TV This unique manual shows you step by step how to build improve and maintain successful engaging book discussion groups Chapters answer the fundamental questions How do you build membership Choose the right titles Schedule and arrange meetings Develop questions Get free or discounted books Provide an inviting atmosphere and setting Planning publicity facilitating discussions programming techniques and assessment are discussed in detail Essential advice on programming includes 15 ready to use discussion guides One Book One City program ideas on line forums title selection and more Any library starting or running book discussion groups will want this practical guide by their side Pictorial Review ,1922 Includes music Forbes, 2007 Upgrade: Taking Your Work and Life from Ordinary to Extraordinary Rana Florida, 2013-09-04 Upgrade gathers the best practices not just from CEOs and business executives but from entrepreneurs innovative thinkers and creative leaders CO Guide to
