humanity has made a huge mistake We handed over to big tech decisions that have allowed them to build what has become our space of the world the highly artificial space of social media platforms where much of our social life now unfolds This has proved reckless and has huge social consequences The toxic effects on social life young people s mental health and political solidarity are well known but the key factor underlying all this has been missed the fact that humanity allowed business to construct our space of the world at all and then exploit it for profit In the process we ignored two millennia of political thought about the conditions under which a healthy or even a non violent politics is possible We endangered the one resource that is in desperately short supply in the face of catastrophic climate change solidarity Is human solidarity possible in a world of continuous digital connection and commercially managed platforms and what if it isn t In the first book of his trilogy Humanising the Future Nick Couldry offers a radical new vision of how to design our digital spaces so that they build rather than erode both solidarity and community This trenchant and vividly written book stresses that we cannot afford not to care for our space of the world We need to rebuild it together *The 12-Hour Author* Noah Charney, 2025-02-18 Are you interested in getting published and earning money as a writer Whether your focus is books or articles there are all manner of tricks of the trade that most writers have to learn the hard way on their own through trial and error if they learn them at all From how to write a book proposal to pitching to editors from great openings to how to get paid and read contracts the logistics of how to be a writer are rarely taught even in creative writing programs and in how to write books The 12 Hour Author lifts the veil and invites the reader in on the secrets of successful writers both from the angle of how to write well but also and almost uniquely among books on the subject the practical elements of how to work as a writer The author is a Pulitzer nominee who has published more than twenty books including international best sellers and hundreds of articles for major publications including The Guardian and The Washington Post Divided into 12 chapters if you re willing to commit as little as 12 hours to learning this craft you ll have all the tools you ll need **500 Viral Instagram And Reels Content**
