A Trip Around Buzzard's Bay Shores Ezra G. Perry,1903 *The Victorian Reports* Victoria. Supreme Court,1874 *Existential Togetherness* DeWayne R. Stallworth,2019-08-13

The notion of community entails more than just shared space in the here and now moment For African Americans especially communal engagement is a sacred experience that stretches from the mundane to the spectacular in a cyclical historical pattern DeWayne R Stallworth illumines the broadness of this African American religious experience by looking back to the first shared experience of unbiased community that occurred during slavery He then explores the difficulties of maintaining such a unity under the threat of supremacy as experienced through systemic structures of both white and black privilege Most important Stallworth unpacks how the black religious leader although caricatured as uncouth and ignorant remained the moral compass for community progression and uplift until the civil rights era This provocative book is essential reading for anyone with a desire to obtain a broader and deeper understanding of what it means to be black religious and American in the twenty first century United States
