## **Proven Ai Writing Tool For Beginners For Students:**

**Adopting Artificial Intelligence Tools in Higher Education** Thangavel Murugan, Karthikeyan Periasamy, A.M. Abirami, 2025-05-27 This edited volume explores the adoption of artificial intelligence AI tools in higher education specifically focusing on student assessment. It examines the integration of various AI tools within higher education, discussing the challenges and opportunities they present and the innovative solutions they offer. The chapters explore various issues surrounding the use of AI in higher education and propose potential solutions. The book begins with a systematic exploration of AI's potential, presenting innovative ways to ensure fair and accurate assessments that enhance the overall quality of education. It highlights the benefits of AI-powered grading systems that streamline assessment processes, provide timely feedback, and promote fair evaluations. The text discusses how machine learning algorithms can revolutionize assessment methods, allowing individualized adaptive testing tailored to each student's unique needs. Furthermore, it examines natural language processing (NLP) techniques for evaluating student essays by analyzing linguistic features such as grammar and semantic coherence. Moreover, it highlights AI-powered virtual assistants offering personalized feedback and learning recommendations. Case studies illustrate successful AI assessment implementations and methods for improving AI-based evaluations. The book also addresses engagement and success in the post-COVID 19 context. It raises concerns about plagiarism and academic integrity, comparing AI solutions to traditional methods while exploring the challenges associated with adopting AI in education. Educators, administrators, academics, and technology experts working in institutes of higher learning will find this volume compelling. It is also suitable for students taking courses in educational technology, e-learning, and digital learning.

**Artificial Intelligence in Our Language Learning Classrooms** Louise Ohashi, Mary Hillis, Robert Dykes, 2025-11-21 Artificial Intelligence in Our Language Learning Classrooms brings together leading researchers and practitioners exploring the pedagogical, ethical, and emotional dimensions of generative AI (GenAI) in second language (L2) education. Across two major sections, L2 skill development and broader educational perspectives, contributors offer theory-informed and practice-oriented insights into how GenAI can transform language teaching and learning. Topics include conversational AI and chatbots, writing development, extensive reading, pragmatics, instruction, ethics, emotions, and teacher-led inquiry. Through a balance of optimism and critical reflection, this volume situates AI integration within established educational frameworks, supporting teachers as they navigate the rapidly evolving technological landscape. The book emphasizes teacher agency, responsible innovation, and the centrality of human connection in AI-enhanced classrooms. By combining empirical research, case studies, and reflective narratives, it addresses both opportunities and challenges in using GenAI tools for language education. This comprehensive resource is essential reading for language teachers, researchers, and teacher educators seeking to build informed, ethical, and pedagogically grounded approaches to AI integration in the L2 classroom.
