**Governance** Hamid Jahankhani,Stefan Kendzierskyj,Reza Montasari,Nishan Chelvachandran,2022-08-18 Social media has spread rapidly on the global stage driving consumers attention and influence both consciously and subconsciously Whilst this type of platform may have been initially designed as a tool for open communication and expression it is also being utilized as a digital tool with widescale use cases The intelligence explosion information overload and disinformation play a significant part regarding individual group and country perceptions The complex nature of this data explosion created an increasing demand and use of artificial intelligence AI and machine learning ML to help provide big insights to big data AI and ML enable the analysis and dissemination of vast amounts of data however the ungoverned pace at which AI and autonomous systems have been deployed has created unforeseen problems Many algorithms and AI systems have been trained on limited

or unverified datasets creating inbuilt and unseen biases Where these algorithmic tools have been deployed in high impact systems there are documented occurrences of disastrous decision making and outcomes that have negatively impacted people and communities Little to no work had been conducted in its vulnerability and ability to exploit AI itself So AI and autonomous systems whilst being a force for societal good could have the potential to create and exacerbate societies greatest challenges This is a cohesive volume that addresses challenging problems and presents a range of innovative approaches and discussion

**Handbook on E-marketing for Tourism Destinations** Peter Varlow, 2008 The internet and other new technologies have changed the tourism industry in an unprecedented way and keeping pace has become challenging Online information is now one of the primary influences on consumer decisions in nearly all major markets For example 41 per cent of tourists arriving in Spain in 2007 had booked through the internet and in the United States the number of trips bought online exceeded those purchased offline Such changes are impacting and influencing the way destinations and companies manage and market themselves
