us in our societies are once again able to step out of the confinement imposed by the pandemic to breath freely again
 Another interpretation hand in hand with the snappy front cover image might refer to Andy Warhol s iconic pop art
 consumerism or simply the tastiness of the contents the tin cans hold a little like the insights in this magazine if I dare say
 And lastly the shades of green to the cans give the message that our consuming society might well contain a new and more
 responsible sustainable taste to it In any case we hope you download this Global Voice 21 issue open it up and consume its
 insights with immoderation Enjoy your reading **Teacher** ,1980 **The Garden Magazine** ,1916 **Garden & Home
