Written by a team of expert authors, this book will help readers understand the structures, influences, and theories around media psychology. Particular care is also given to addressing the interaction between issues of social justice and the media, as well as the effects media has on both the members of marginalized groups and how those groups are perceived. A student website and instructor resources provide further ways to engage with the content and support teaching and learning. The fourth edition of Financial Accounting teaches accounting from both the preparer and user perspective. Porter Norton is unique in that it also uses a competing company to Winnebago, Monaco Coach, to do comparative financial analysis; this is reflected throughout the text and in end of chapter problems.
