infancy it will not be long before they become a part of much of the population's daily life. Before that becomes the case it is important that we instill guidelines and parameters to ensure that those interacting with these digital spaces feel safe within them and are able to use them to their fullest capacity. *Building Power Safety and Trust in Virtual Communities* examines how online groups help people learn and change the way they think. In this book, different people with different academic backgrounds, methods, and personal experience with virtual groups look at this question. Case studies are included to help exemplify these findings. Together, these chapters discuss how virtual communities are built in ways that thinkers, researchers, and practitioners can understand.

E-Business Issues, Challenges and Opportunities for SMEs: Driving Competitiveness  
 Cruz-Cunha, Maria Manuela, Varajão, João, 2010-09-30. Electronic business plays a central role in the economy, facilitating the exchange of information, goods, services, and payments. It propels productivity and competitiveness and is accessible to all enterprises and, as such, represents an opportunity also for SME competitiveness. *E-Business Issues: Challenges and Opportunities for SMEs: Driving Competitiveness* discusses the main issues, challenges, opportunities, and solutions related to electronic business adoption, with a special focus on SMEs. Addressing technological, organizational, and legal perspectives in a very comprehensive way, this text aims to disseminate current developments, case studies, new integrated approaches, and practical solutions and applications for SMEs.
