Cheap Hybrid Work Schedule Guide For Dads In America:

FATHERHOOD IN AMERICA Carl Mazza, Armon R. Perry, 2017-01-27 Fathers are critical to their children's growth and development. Research on the involvement of men with their children stresses the important role that fathers play from infancy to adolescence. Due to the ethnically diverse population of fathers in America, culture and context frames the nature of fathering and shapes expectations within a cultural milieu. The book offers a wide range of vantage points: social work, family studies, marriage and family therapy, counseling, sociology, psychology, gender studies, anthropology, cultural and ethnic studies, urban studies, and health. There are five primary parts within this book, each of which looks at numerous facets of fatherhood in the twenty-first century. Part I defines the concept of fatherhood and family composition, becoming a father, young fathers, single fathers, fathers and daughters, and examines the father-son relationship. Part II looks at nonresident fathers, homeless fathers, incarcerated fathers, and the never-married fathers. Part III reviews biological fathers, stepfathers, male foster carers, fatherhood and adoption, and gay fathers. Part IV examines the cultural dimensions of fatherhood, including Latino, African American, and Native American. Part V explores the fatherhood service delivery system by engaging fathers in culturally competent services, measuring the father's involvement, and the initiatives to support fathering. The context, practice, and gaps in responsible fatherhood programs are discussed. This informative and sensitive book will be useful for researchers, students, and professionals in the field of social work, health, family counseling, and human services. Applicable in classrooms and treatment situations. *Fatherhood in America* bridges the gap between research and practice through chapters authored by some of the country's foremost fatherhood scholars and clinicians, by offering fresh perspectives and keen insights borne out of field experience working with fathers.
