Learning is Change Martha M. Leypoldt, 1971 Here is a book that will aid teachers in helping members of their classes to change in their knowledge of the faith their attitudes toward others and their actions in life Many claim that the future of the church depends upon just such changes as these when adults fully understand the Christian faith and apply it to their everyday life The author outlines many ways by which adults may become actively involved in the learning process The reader is invited to relate the book to his own experience through special reflections and exercises thus he begins to feel some of the excitement of learning which he may share with his class *Catalog of Copyright Entries.
